

the Commission's official service list for this proceeding. A comment period will be allotted for review if the EA is published. We will consider all comments on the EA before we recommend that the Commission approve or not approve the project.

**Currently Identified Environmental Issues**

We have already identified several issues that we think deserve attention based on a preliminary review of the proposed facilities and the environmental information provided by ANR. Keep in mind that this is a preliminary list:

- Thirteen residences are within 25 feet of the construction right-of-way.
- The sports facilities on the property of the Liberty School and Liberty Middle School are crossed.

The list of issues may be added to, subtracted from, or changed based on your comments and our analysis.

**Public Participation**

You can make a difference by sending a letter addressing your specific comments or concerns about the project. You should focus on the potential environmental effects of the proposal, alternatives to the proposal (including alternative routes), and measures to

avoid or lessen environmental impact. The more specific your comments, the more useful they will be. Please follow the instructions below to ensure that your comments are received and properly recorded:

- Address your letter to: Lois Cashell, Secretary, Federal Energy Regulatory Commission, 888 First St., N.E., Washington, D.C. 20426;
- Reference Docket No. CP96-641-000;
- Send a copy of your letter to: Mr. Bob Kopka, EA Project Manager, Federal Energy Regulatory Commission, 888 First St., N.E., PR-11.1, Washington, D.C. 20426; and
- Mail your comments so that they will be received in Washington, D.C. on or before August 30, 1996.

If you wish to receive a copy of the EA, you should request one from Mr. Kopka at the above address.

**Becoming an Intervenor**

In addition to involvement in the EA scoping process, you may want to become an official party to the proceeding or become an "intervenor". Among other things, intervenors have the right to receive copies of case-related Commission documents and filings by other intervenors. Likewise,

each intervenor must provide copies of its filings to all other parties. If you want to become an intervenor you must file a motion to intervene according to Rule 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.214) (see appendix 2). You do not need intervenor status to have your scoping comments considered.

Additional information about the proposed project is available from Mr. Bob Kopka, EA Project Manager, at (202) 208-0282.

Lois D. Cashell,  
Secretary.

**Sunshine Act Meeting**

**AGENCY HOLDING MEETING:** Federal Energy Regulatory Commission.

**FEDERAL REGISTER CITATION OF PREVIOUS ANNOUNCEMENT:** July 29, 1996, 61 FR 39446.

**PREVIOUSLY ANNOUNCED TIME AND DATE OF MEETING:** July 31, 1996, 10:00 a.m.

**CHANGE IN THE MEETING:** The following Docket Numbers and Items have been added on the Agenda scheduled for July 31, 1996.

Item No.	Docket No. and company
CAG-3 CAG-27 CAG-48	RP93-151-000, <i>et al.</i> , Tennessee Gas Pipeline Company. RP96-211-001, Transcontinental Gas Pipe Line Corporation. OR96-14-000, Exxon Company, U.S.A., a division of Exxon Corporation, V. Amerada Hess Pipeline Corporation, ARCO Transportation Alaska, Inc., BP Pipelines (Alaska) Inc., Exxon Pipeline Company, Mobil Alaska Pipeline Company, Phillips Alaska Pipeline Corporation and Unocal Pipeline Company.
CAG-51	OR89-2-007, Trans Alaska pipeline System. IS89-7-000, Amerada Hess Pipeline Corporation. IS89-8-000, ARCO Pipeline Company. IS89-9-000, BP Pipeline (Alaska) Inc. IS89-10-000, Exxon Pipeline Company. IS89-11-000, Mobil Alaska Pipeline Company. IS89-12-000, Phillips Alaska Pipeline Corporation. IS89-13-000, Unocal Pipeline Company.

Lois D. Cashell,  
Secretary.

**ENVIRONMENTAL PROTECTION AGENCY**

[FRL-5547-3]

**Agency Information Collection Activities: Submission for OMB Review; Comment Request; Spill Prevention, Control and Countermeasure Plans**

**AGENCY:** Environmental Protection Agency (EPA).  
**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*) This notice announces that the following Information Collection

Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval: Spill Prevention, Control and Countermeasure Plans; OMB Control No. 2050-0021; expiring 9/30/96). The ICR describes the nature of the information collection and its expected burden and cost; where appropriate, it includes the actual data collection instrument.

**DATES:** Comments must be submitted on or before September 4, 1996.

**FOR FURTHER INFORMATION OR A COPY CALL:** Sandy Farmer at EPA, (202) 260-2740, and refer to EPA ICR No. 328.05.

**SUPPLEMENTARY INFORMATION:**

*Title:* "Spill Prevention, Control and Countermeasure Plans" (OMB Control No. 2050-0021; EPA ICR No. 328.05) expiring 9/30/96. This ICR requests an extension of a currently approved collection.

*Abstract:* Under Section 311 of the Clean Water Act, EPA's Oil Pollution Prevention regulation (40 CFR Part 112) requires facility owners or operators to prepare and implement SPCC Plans and keep certain records. Preparation of the SPCC Plan requires that a facility owner or operator analyze how to prevent oil discharges, thereby promoting appropriate facility design and operations. The information in the SPCC Plan also promotes efficient response in the event of a discharge. Finally, proper maintenance of the SPCC Plan promotes important spill-reducing measures, facilitates leak detection, and generally ensures that the facility deters discharges at its peak capability. All of the SPCC Plan recordkeeping activities are mandatory. The specific activities and reasons and uses for the information collection are described below.

*Recordkeeping Activities:* Under § 112.3, a facility owner or operator must prepare a written SPCC Plan, maintain it at or near the facility, and have it certified by a Registered Professional Engineer (PE). Under § 112.5 the SPCC Plan must be amended (i) whenever there is a facility change that materially affects the potential to discharge oil, and (ii) to include more effective prevention and control technology identified in the owner of operator's triennial Plan review. If amended, the Plan must also be certified by a PE. Under § 112.4, in the event of certain oil discharges, facility owners or operators must submit the SPCC Plan and other information to the EPA Regional Administrator and the appropriate state water pollution control agency within 60 days. Upon review, the Regional Administrator may require amendment of the SPCC Plan. Again, the amended Plan must be certified by a PE. Under § 112.3, the owner or operator must maintain (and update) records of specific inspections as outlined under § 112.7(e).

*Purpose of Data Collection:* Facility owners or operators are the primary user of SPCC Plans and related data. EPA does not collect the Plan or related records on a routine basis. Facilities that prepare, implement, and maintain a SPCC Plan improve their ability to prevent oil discharges, and mitigate the environmental damage caused by such discharges. As facility owners or

operators accumulate the data, they necessarily analyze the facility's capability to prevent oil discharges, facilitate safety awareness, and promote the use of appropriate design and operational standards that reduce the likelihood of an oil discharge. The Plan information can also help the facility respond efficiently in the event of a discharge. Inspection records help facility owners and operators to promote important operation and maintenance, and demonstrate compliance with the SPCC requirements.

EPA also uses SPCC Plan data in certain situations. EPA primarily uses SPCC Plan data to verify that facilities comply with the regulation and implement their Plan, including design and operation specifications and inspection requirements. EPA reviews SPCC Plans: (1) When facilities submit the Plans because of oil discharges, and (2) as part of EPA's inspection program. State and local governments may also use the data, which is not necessarily available elsewhere and can greatly assist local emergency preparedness planning efforts.

An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a current valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR Part 9 and 48 CFR Chapter 15. The Federal Register Notice required under 5 CFR 1320.8(d), soliciting comments on this collection of information, was published on 4/5/96 (61 FR 15246); EPA received nine (9) comment letters.

*Burden Statement:* The annual public reporting and recordkeeping burden for this collection of information is estimated to average 39.9 hours per newly regulated facility and 5.4 hours per already regulated facility. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions, develop, acquire, install and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information, adjust the existing ways to comply with any previously applicable instructions and requirements to train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

*Respondents/Affected Entities:* 448,730.

*Frequency of Response:* one-time plan, occasional records/reports.

*Estimated Total Annual Hour Burden:* 2.56 million hours.

*Estimated Total Annualized Cost Burden:* \$77.4 million.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the following addresses. Please refer to EPA ICR No. 328.05 and OMB Control No. 2050-0021 in any correspondence.

Ms. Sandy Farmer, U.S. Environmental Protection Agency, OPPE Regulatory Information Division (2137), 401 M Street, SW, Washington, DC 20460 and

Office of Information and Regulatory Affairs, Office of Management and Budget, Attention: Desk Officer for EPA, 725 17th Street, NW, Washington, DC 20503

Dated: July 30, 1996.

Joseph Retzer,

Director, Regulatory Information Division.

### **Emergency Planning and Community Right-to-Know; Notice of Public Meeting**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of public meeting.

**SUMMARY:** EPA will hold a public meeting regarding the Agency's proposal and options to add industry groups to the list of industry groups subject to reporting requirements under section 313 of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) specifically to discuss the potential impacts on small entities. This meeting is being held in addition to two previously scheduled public meetings concerning the proposal.

**DATES:** The meeting will take place in Chicago, IL on August 19, 1996, at 10 a.m. and adjourn by 3 p.m.

**ADDRESSES:** The meeting will be held at the: O'Hare Marriott Hotel, 8535 West Higgins Road, Chicago, IL.

**FOR FURTHER INFORMATION CONTACT:** Tim Crawford at 202-260-1715, e-mail: crawford.tim@epamail.epa.gov, or Brian Symmes at 202-260-9121, e-mail: symmes.brian@epamail.epa.gov, or the
