

invention describe a series of diacylglycerol analogues, which act as potent pharmacological agonists of PK-C and can be easily synthesized. (portfolio: Cancer—Therapeutics, conventional chemotherapy, antimetabolites)

Treatment of Cancer With Human Chorionic Gonadotropin

Y Lunardi-Iskandar, RC Gallo, JL Bryant (NCI), Filed 5 Aug 94, Serial No. 08/286,299

A major complication in treating tumors is that many of the known treatments, such as surgery, radiation or chemotherapy, have serious side effects. Other types of cancers are not amenable to conventional therapies due to the fact that the exact mechanism by which the disease develops is unknown. An example of this type of cancer is Kaposi's sarcoma. Kaposi's sarcoma is the most common malignancy in AIDS patients. Current therapies for Kaposi's sarcoma can cause myelotoxicity and neurotoxicity. In addition, these treatments can also induce immunosuppression. This invention describes the use of a naturally occurring human hormone, human chorionic gonadotropin, for the treatment of Kaposi's sarcoma. Human chorionic gonadotropin may also be useful for the treatment of breast, prostate, ovary, and stomach carcinomas, as well as neuroblastomas. (portfolio: Infectious Diseases—Therapeutics, anti-virals, AIDS; Cancer—Therapeutics, conventional chemotherapy, hormonal compounds)

Therapeutic Polyamines

HS Basu, LJ Marton, BG Feuerstein, K Samejima (University of California; Josai University; NCI), Filed 05 Nov. 93, Serial No. 08/147,527

Most previous attempts to retard the growth of tumor cells by depleting the

intracellular polyamine pool have been directed at inhibiting enzymes in the polyamine biosynthetic pathway; a process that does not completely deplete endogenous stores of these molecules. To date, most attempts at using polyamine biosynthetic inhibitors have resulted in incomplete inhibition of cell growth. With this invention, analogs have been developed that, while binding physically to DNA, do not function like natural polyamines and indeed case almost complete depletion of intracellular stores of these compounds. These compounds have shown great promise *in vitro* and *in vivo* against various tumors. Additionally, these synthetic polyamines have proven to be tumor sensitizers in conjunction with other conventional chemotherapeutics *in vivo*. (portfolio: Cancer—Therapeutics, conventional chemotherapy, other)

Topoisomerase II Inhibitors And Therapeutic Uses Therefor

Y Pommier, T MacDonald, JS Madalengoitia (NCI), Filed 23 Oct 92, Serial No. 07/965,922 CIP of 07/868,408)

DNA topology is maintained in all cells by the action of a class of enzymes termed topoisomerases. Many drugs used in cancer chemotherapy function by inhibiting the action of topoisomerases. This invention embodies a compound, azatoxin, which is a inhibitor of both topoisomerase II and tubulin polymerization. Azatoxin is unique compared to other topoisomerase inhibitors in that it inhibits the catalytic activity of the enzyme at specific sites of DNA. Certain derivatives of azatoxin are capable of inhibiting either topoisomerase activity or tubulin polymerization but not both. Therefore these derivatives are expected to be especially potent therapeutic

compounds. (portfolio: Cancer—Therapeutics, conventional chemotherapy, antimetabolites)

Dated: August 6, 1996.

Barbara M. McGarey,

Deputy Director, Office of Technology Transfer.

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a list of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (301)443-0525.

Proposed Project: National Household Survey on Drug Abuse—Revision—The National Household Survey on Drug Abuse (NHSDA) is a survey of the civilian, noninstitutionalized population of the United States, age 12 and over. The data are used to estimate the prevalence of use of cigarette, alcohol, and illicit drug use, and abuse of licit drugs. The results are used by SAMHSA, ONDCP, other Federal agencies, and other organizations and researchers to establish policy, direct program activities, and better allocate resources. A 200-household field test of a computer assisted data collection methodology will also be conducted. The total annual burden estimate is 23,592 hours as shown below:

	No. of respondents	No. of responses per respondent	Average burden per response	Total burden
1997 NHSDA	53,082	1	0.44 hrs.	23,403 hrs.
CAPI/ACASI Field Test	562	1	0.34 hrs.	189 hrs.
Total				23,592 hrs.

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Virginia Huth, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10236, Washington, D.C. 20503.

Dated: July 31, 1996.
Richard Kopanda,
Executive Officer, SAMHSA

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Office of the Assistant Secretary for Community Planning and Development

[Docket No. FR-3778-N-98]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

FOR FURTHER INFORMATION CONTACT: Mark Johnston, room 7256, Department of Housing and Urban Development, 451 Seventh Street SW, Washington, DC 20410; telephone (202) 708-1226; TDD number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information lines at 1-800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR Part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been received by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Brian Rooney, Division of Property Management, Program Support Center, HHS, room 5B-41, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR Part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Mark Johnston at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of

publication in the Federal Register, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (*i.e.*, acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: Navy: Mr. John Kane, Deputy Division Director, Department of the Navy, Real Estate Operations, Naval Facilities Engineering Command, Code 241A; 200 Stovall Street, Alexandria, VA 22332-2300; (703) 325-0474; GSA: Mr. Brian K. Polly, Assistant Commissioner, General Services Administration, Office of Property Disposal, 18th and F Streets, NW, Washington, DC 20405; (202) 501-0052; Veterans Affairs: Mr. George L. Szwarcman, Department of Veterans Affairs, Director, Land Management Service, 811 Vermont Avenue, NW, Room 414, Lafayette Bldg., Washington, DC 20420; (202) 565-5941; (These are not toll-free numbers).

Dated: August 9, 1996.
Jacquie M. Lawing,
Deputy Assistant Secretary for Economic Development.
