## Federal Railroad Administration

### Petition for Exemption or Waiver of Compliance

In accordance with 49 CFR 211.9 and 211.41, notice is hereby given that the Federal Railroad Administration (FRA) has received a request for waiver of compliance with a requirement of its safety standards. The individual petition is described below, including the party seeking relief, the regulatory provisions involved, and the nature of the relief being requested.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number (e.g., Waiver Petition Docket Number RSGM-96-05) and must be submitted in triplicate to the Docket Clerk, Office of Chief Counsel, Federal Railroad Administration, Nassif Building, 400 Seventh Street, S.W., Washington, D.C. 20590. Communications received within 45 days of the date of publication of this notice, will be considered FRA before final action is taken. Comments received after that date will be considered as far as practical. All written communications concerning these proceedings are available for examination during regular business hours (9:00 a.m.-5:00 p.m.) in Room 8201, Nassif Building, 400 Seventh Street SW., Washington, DC 20590.

The individual petition seeking an exemption or waiver of compliance is as follows:

### *Beech Mountain Railroad Company (BMRR) (RSGM-96-05)*

The Beech Mountain Railroad Company (BMRR) seeks a permanent waiver of compliance with the Safety Glazing Standards (49 CFR 223.9(a), certified glazing) for its two locomotives, ALCO S2 1,000HP #113 and #115, built in the early 1950s.

BMRR is a Class III Railroad operating within Randolph and Upshur Counties in the state of West Virginia. According to the requesting railroad, the crew consists of five men comprised of one supervisor, one engineer, one brakeman, and two track servicemen. BMRR is privately owned by Carter-ROAG Coal Company (CRCC). The purpose of the BMRR operations is to provide transfer service between the CSX interchange located in Alexander, West Virginia and the CRCC Preparation Plant located in Star Bridge, West Virginia. The BMRR line transverses—without instances of broken glass due to projectiles—a remote and isolated area. The BMRR railroad indicates that the locomotives are early 1950 models and installation of the safety glazing would require extensive and expensive refacing of the locomotive cabs and that all the employees are aware of this request for exemption and support it without exception.

Issued in Washington, DC, on August 16, 1996.

Phil Olekszyk,

*Deputy Associate Administrator for Safety Compliance and Program Implementation.*
