*Title:* Application for FM Translator or FM Booster Station License.

*Form No.:* FCC 350.

*Type of Review:* Revision to an existing collection.

*Needs and Uses:* Licensees and permittees of FM Translator or FM Booster stations are required to file FCC Form 350 to obtain a new or modified station license. This form will be revised to add the new requirements regarding antenna tower registration. This unique antenna registration number identifies an antenna structure and must be used on all filings related to the antenna structure. Several questions will be added to the engineering portion of the FCC 350 to collect this information. This requirement was approved by OMB under control number 3060-0714. The data is used by FCC staff to confirm that the station has been built to terms specified in the outstanding construction permit. Data is then extracted from FCC 350 for inclusion in the subsequent license to operate the station.
