SUPPLEMENTARY INFORMATION: The Secretary is establishing processing deadlines by which institutions that participated in Year 1 or Year 2 of the Direct Loan Program must submit electronic records and promissory notes for Direct Loans made during those years. Under an institution's participation agreement with the Secretary to participate in the Direct Loan Program, an institution must comply with all of the requirements established by the Secretary relating to student loan information with respect to loans made under the Direct Loan Program. See 34 CFR 685.300(b)(6). This provision includes the submission of records relating to Direct Loans. The Secretary is exercising his authority under this provision to establish a processing deadline by which all applicable electronic records and promissory notes for a particular academic year must be final, complete, accurate, and submitted to the Secretary.

The Secretary believes that establishing annual processing deadlines for the submission of all electronic records (including initial and adjusted or revised records) and promissory notes is necessary to improve the integrity and accountability of the Direct Loan Program and to improve services to students and schools. Schools are required under 34 CFR 685.309(a) to establish and maintain proper administrative and fiscal procedures to protect the rights of student and parent borrowers as well as to protect the United States from unreasonable risk of loss. Establishing the processing deadlines contained in this notice will help achieve these goals. Further, establishing an annual processing deadline will enable the Secretary to finalize cash records under the Direct Loan Program for an academic year within a reasonable period of time following the end of that academic year. The Secretary also will be better able to ensure that Direct Loan monies were disbursed appropriately to student borrowers attending a school, or to parent borrowers borrowing on behalf of dependent students at the school. The processing deadlines also will enable the Department to conduct a program review of a Direct Loan school more efficiently, as all Direct Loan records
