## SUPPLEMENTARY INFORMATION:

### Background

On July 13, 1994, the Service published a proposed rule (59 FR 35674) to extend endangered status to the jaguar in the United States portion of its former range. The jaguar is already listed as endangered from the Mexican border southward throughout its entire range.

By letter dated January 15, 1997, the State of Arizona requested that the Service reopen the comment period on the proposed listing of the jaguar to solicit public comments on a draft jaguar conservation strategy. The State asked the Service to consider a finalized conservation strategy in its analysis of threats faced by the species prior to finalizing the listing decision. The Service believes that the conservation strategy constitutes significant new information that should be considered in making a final listing determination.
