

on February 12, 1997. The FEIS examined the short and long term impacts on the natural and built environments of developing and operating a consolidated INS facility at 9300-9499 NW 41st Street, Miami, FL 33172. The FEIS also addresses issues that were raised at the public meeting and issues that were expressed in writing during the comment period that closed in March 10, 1997. GSA continued to accept and address comments received until close of business on March 18. Issues addressed included impacts to public facilities & infrastructure, parking, traffic, property values, the community, and neighborhood & economic issues. The FEIS also examined and considered measures to mitigate unavoidable adverse impacts of the proposed action.

GSA's proposed action is to lease a newly constructed building for the INS consolidation on the vacant parcel of land consisting of approximately 7.31 acres at 9300-9499 NW 41st Street, Miami, FL 33172. The proposed facility would consist of an office building containing a total occupiable area of approximately 214,600 square feet, along with supporting site improvements and 885 parking spaces. The subject site fronts for 390 feet along NW 41st Street and spans to the back to Dressels Canal (approximately 1150 feet south from 41st Street at the deepest point). The proposed facility would accommodate the INS by consolidating the District Office, the Asylum Office, and the Executive Office of Immigration Review (EOIR). The Krome Detention Center is a high-security containment facility located in Western Dade county and its location, function, and purpose will be unchanged as a result of the proposed action.

GSA has identified and screened from consideration, over 20 alternatives to the proposed action since 1993. GSA has identified the following alternatives to be examined in the EIS:

- "No Action," that is, take no action and continue to house the INS at its current locations.
- Lease construction of a consolidated facility of 214,600 occupiable square feet (osf) at the proposed site at 9300-9499 NW 41st Street, Miami, Florida 33172. This is the GSA preferred alternative.

A final 30-day comment period will close on April 28, 1997. Comments on the FEIS should be provided in writing to the address below by close of business on Monday, April 28, 1997. Copies of the FEIS were distributed on Wednesday, March 19. A copy of the FEIS and one copy of all of the public comments are available for inspection at
