

*Estimated Annual Burden:* 5 respondents; 24.6 hours per response (avg.); 123 total annual burden hours.

*Estimated Annual Reporting and Recordkeeping Cost Burden:* \$0.

*Description:* OMB approved the collections of information contained in the Further Notice of Proposed Rulemaking (FNPRM) issued in CC Docket No. 96-149. In CC Docket 96-149, the Commission proposed that Bell Operating Companies (BOCs) make certain information disclosures publicly available. The disclosure includes the amount of time, measured in percentages and averages, that it takes a BOC to respond to its section 272 affiliates requests for service. The FNPRM tentatively concluded that BOCs must submit an annual affidavit to the Commission certifying, *inter alia*, that they are maintaining the information according to the required format. All of the collections would be used to ensure that BOCs comply with the nondiscrimination requirement of section 272(e)(1) under the Telecommunications Act of 1996. The collected information would be made publicly available.

Public reporting burden for the collections of information is as noted above. Send comments regarding the burden estimate or any other aspect of the collections of information, including suggestions for reducing the burden to the Records Management Branch, Washington, D.C. 20554.
