

one matchmaking meetings, (3) in-depth workshops on doing business in Brazil, and (4) all logistical support. We expect that individuals—after participating in the mission—will feel comfortable operating in Brazil and, thus, will know how to establish an effective strategy to penetrate and/or expand their commercial presence in Brazil.

Participation Criteria

A maximum of 15 companies will be selected to participate in the mission. Participants must be potential exporters to and/or investors in the state of Bahia or neighboring regions. We will assess a company's potential to penetrate the Brazilian market in light of the opportunities in Bahia and select the best candidates based on the following factors: (1) Consistency of a company's goals with the scope, nature and desired outcome of the mission as described herein; (2) Relevance of a company's business line to the plan for the mission; (3) Past, present and prospective business activity in Bahia (and Brazil); (4) Diversity of company size, type, location, demographics and traditional under-representation in business; and (5) Timeliness of completed application by company (including payment of participation fee).

An applicant's partisan political activities (including political contributions) are entirely irrelevant to the selection process.

Endorsements/Referrals

Third parties may nominate or endorse potential applicants, but companies that are nominated or endorsed must themselves submit an application in order to be eligible for consideration. Referrals from political organizations will not be considered.

Costs: The fee to participate in the mission is \$750. The participation fee does not cover the participants' travel, lodging or other personal expenses.

Authority: 15 U.S.C. 1512.

SUPPLEMENTARY INFORMATION:

I. Abstract

This mandatory requirement is being implemented under authority of 50 CFR 622.4. Commercial fishermen and dealers participating in certain Federally-controlled fisheries are required to obtain fishing or dealer permits. Federal permits are a major component of fishery management in the Southeast. Identification and control of fishing vessels and dealers through a permit system are necessary in rebuilding stressed fish stocks.

II. Method of Collection

Vessel owners and fishery dealers must submit applications for federal fishing permits. In most cases fishery permit applications are filled out using data which had previously been submitted and mailed to the applicant. The applicant need only modify any data which has changed and choose the desired permits.

III. Data

OMB Number: 0648-0205.

Form Number: None.

Type of Review: Regular Submission.

Affected Public: Commercial fishermen and seafood dealers.

Estimated Number of Respondents: 7,000.

Estimated Time Per Response: The response time varies by the type of permit requirement. Generally vessel permits are estimated to take 20 minutes

per application and dealer permits 5 minutes.

Estimated Total Annual Burden Hours: 3,431 hours.

Estimated Total Annual Cost to Public: Fishermen are charged for the administrative cost of issuing the permit. This annual cost is expected to be \$310,000.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: April 11, 1997.
