**Office of Educational Research and Improvement—National Institutes' Field-Initiated Studies Grants Program (FIS)**

**ACTION:** Application notice; correction.

**SUMMARY:** On March 20, 1997 a notice was published in the **Federal Register** (62 FR 13492–13494) inviting applications for new awards for fiscal year (FY) 1997 for this program. The purpose of this notice is to (1) correct CFDA numbers for two competitions; (2) clarify the Available Funds, Estimated Size of Awards, and Estimated Number of Awards; (3) correct an e-mail address; and (4) provide information concerning possible funding cycles for awards from the FY 1997 competition.

1. *CFDA Numbers.* Under the **SUMMARY** section (62 FR 13492, first column), the number at the end of paragraph "3" should be (84.308F) and the number at the end of paragraph "4" should be (84.307F).

2. *Clarification (62 FR 13492, third column).* The "Estimated range of awards" for FY 1997 FIS awards is \$100,000—225,000 for *EACH* year.

The "Estimated average size of awards" is \$150,000 for *EACH* year.

The "Estimated number of awards" is 7 for *EACH* Institute.

3. *E-mail address (62 FR 13494, third column).* The e-mail address should be (Delores\_Monroe@ed.gov).

4. *Funding Cycles.* While it is the Department's intention to hold a Field Initiated Studies competition in FY 1998, it establishes the following funding cycle provision in the event that sufficient funds are not available to initiate a new competition in FY 1998. The Department may fund two cycles of awards from the FY 1997 Field Initiated Studies competition. Applications funded in the first cycle will be awarded in September 1997 from FY 1997 funds. A second cycle of applications may be funded early in FY 1998, pending the availability of FY 1998 funds, if the Secretary decides that there are applications of sufficiently high quality to merit funding.

**Note:** The Department is not bound by any estimates in this notice.

**FOR FURTHER INFORMATION CONTACT:** The address and telephone number for requesting an application or obtaining further information about individual institutes are listed in 62 FR 13493–13494 under the section "Institute Mission Statements." Individuals who

**National Assessment Governing Board; Meeting**

**AGENCY:** National Assessment Governing Board.

**ACTION:** Amendment to notice of a partially closed meeting.

**SUMMARY:** This amends the notice of a partially closed meeting of the National Assessment Governing Board published on Friday, April, 25, 1997 in Vol. 62, No. 80, page 20160. On May 8, 1997, the Achievement Levels Committee will meet in partially closed session from 4:00–5:00 p.m. The Committee will continue discussion of the results of the current 1996 science level-setting activities and review the analysis of data and the proposed exemplar items. This meeting must be conducted in closed session because reference will be made to specific items from the assessment and premature disclosure of the information presented for review would be likely to significantly frustrate implementation of a proposed agency action. Such matters are protected by exemption (9)(B) of Section 552b(c) of Title 5 U.S.C. On May 9, 1997, between 1:00–1:45 p.m., the full Board will meet in closed session to hear a briefing on the 1996 science level-setting activities. This part of the meeting must be conducted in closed session because references will be made to specific items from the assessment and premature disclosure of the information presented for review would be likely to significantly frustrate implementation of a proposed agency action. Such matters are protected by exemption (9)(B) of Section 552b(c) of Title 5 U.S.C. The public is being given less than fifteen days notice of these closed meetings because advice from consultants that bears on the subject matter of these meetings described above came too late to be considered in the preparation of the original notice.

Dated: April 28, 1997.
