

At 10 a.m. on June 2, 1997, the land will also be open to location under the United States mining laws. Appropriation of the land under the general mining laws prior to the date and time of restoration is unauthorized. Any such attempted appropriation, including attempted adverse possession under 30 U.S.C. 38, shall vest no rights against the United States. Acts required to establish a location and to initiate a right of possession are governed by State law where not in conflict with Federal law. The Bureau of Land Management will not intervene in disputes between rival locators over possessory rights since Congress has provided for such determination in local courts.

Dated: April 23, 1997.

#### General Management Plan/ Environmental Impact Statement for Lake Roosevelt National Recreation Area, Washington

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice of intent to prepare an Environmental Impact Statement.

**SUMMARY:** The National Park Service (NPS) will prepare a General Management Plan/Environmental Impact Statement (GMP/EIS) for the Lake Roosevelt National Recreation Area (formerly Coulee Dam National Recreation Area). The GMP will set forth the basic management philosophy for the next 15-20 years. The NPS will be working closely with representatives of the Colville and Spokane Indian Tribes; the Washington counties of Ferry, Grant, Lincoln, Okanogan, and Stevens; the Bureau of Reclamation; the Bureau of Indian Affairs; the State of Washington; and concerned organizations and private citizens.

Among the major issues likely to be addressed in the Lake Roosevelt GMP/EIS are resource protection, visitor activities, visitor use and levels, development, support facilities, and operations. A full range of alternatives, including "no action" and "minimum requirements" alternatives, will be considered in the GMP/EIS to address these and other issues that may emerge during the planning process.

Scoping, the process by which the scope of issues to be addressed in the

GMP/EIS is identified, will be conducted through a public newsletter and public meetings held during the summer of 1997. Meeting dates, locations, and times will be announced through local media. Representative of Federal, State and local agencies, American Indian tribes, private organizations and individuals from the general public are invited to participate in the scoping process by responding to this notice with written comments. All comments received will become part of the public record and copies of comments, including any names, addresses and telephone numbers provided by respondents, may be released for public inspection. The draft GMP/EIS is expected to be available for public review by September 1998, with the final version of the GMP/EIS and the Record of Decision to be completed by September 1999.

Because the responsibility for approving the GMP/EIS has been delegated to the NPS, the EIS is a "delegated" EIS. The responsible official is Stanley T. Albright, Regional Director, Pacific West Region, National Park Service.

**DATES:** Written comments about the scope of issues to be analyzed in the GMP/EIS should be received no later than September 30, 1997.

**ADDRESSES:** Written comments and requests for information concerning the GMP/EIS should be sent to Vaughn Baker, Superintendent, Lake Roosevelt National Recreation Area, 1008 Crest Drive, Coulee Dam, WA 99116-1259, or at telephone number (509) 663-9411.

Dated: April 21, 1997.
