**SUPPLEMENTARY INFORMATION:** The San Francisco Bay/Sacramento-San Joaquin Delta Estuary (Bay-Delta system) is a critically important part of California's natural environment and economy. In recognition of the serious problems facing the region and the complex resource management decisions that must be made, the state of California and the Federal government are working together to stabilize, protect, restore, and enhance the Bay-Delta system. The State and Federal agencies with management and regulatory responsibilities in the Bay-Delta system are working together as CALFED to provide policy direction and oversight for the process.

One area of Bay-Delta management includes the establishment of a joint State-Federal process to develop long-term solutions to problems in the Bay-Delta system related to fish and wildlife, water supply reliability, natural disasters, and water quality. The intent is to develop a comprehensive and balanced plan which addresses all of the resource problems. This effort, the CALFED Bay-Delta Program (Program), is being carried out under the policy direction of CALFED. The CALFED Bay-Delta Program is exploring and developing a long-term solution for a cooperative planning process that will determine the most appropriate strategy and actions necessary to improve water quality, restore health to the Bay-Delta

ecosystem, provide for a variety of beneficial uses, and minimize Bay-Delta system vulnerability. A group of citizen advisors representing California's agricultural, environmental, urban, business, fishing, and other interests who have a stake in finding long-term solutions for the problems affecting the Bay-Delta system has been chartered under the Federal Advisory Committee Act (FACA) as the Bay-Delta Advisory Council (BDAC) to advise CALFED on the program mission, problems to be addressed, and objectives for the CALFED Bay-Delta Program. BDAC provides a forum to help ensure public participation, and will review reports and other materials prepared by CALFED staff. BDAC has established a subcommittee called the Ecosystem Roundtable to provide input on annual workplans to implement ecosystem restoration projects and programs.

Minutes of the meeting will be maintained by the CALFED Bay-Delta Program, Suite 1155, 1416 Ninth Street, Sacramento, CA 95814, and will be available for public inspection during regular business hours, Monday through Friday within 30 days following the meeting.

**INTERNATIONAL TRADE  
COMMISSION**

**Possible Modifications to the  
International Harmonized System  
Nomenclature**

**AGENCY:** United States International Trade Commission.

**ACTION:** Request for public comments on proposal to delete certain low-trade categories from the Harmonized System.

**SUMMARY:** The Commission is soliciting the views of interested parties on a proposal before the Review Subcommittee (RSC) of the World Customs Organization (WCO), Brussels, Belgium, to delete certain low-trade headings and subheadings from the international Harmonized Commodity Description and Coding System (Harmonized System or HS).

**EFFECTIVE DATE:** May 21, 1997.

**FOR FURTHER INFORMATION CONTACT:** Eugene A. Rosengarden, Director, Office of Tariff Affairs and Trade Agreements (O/TA&TA) (202/205-2595, E-Mail rosengarden@usitc.gov) or Ronald Heller (202/205-2596, E-Mail

rheller@usitc.gov). The O/TA&TA fax number is 202/205-2616.

**Background**

The Harmonized System was established by an international Convention, which, *inter alia*, provides that the System should be kept up-to-date in light of changes in technology and patterns of international trade. The international HS nomenclature, which is administered by the WCO, provides a uniform structural basis for the customs tariff and statistical nomenclatures of all major trading countries of the world, including the United States. The Commission, the U.S. Customs Service and the Bureau of the Census are responsible for the development of U.S. technical proposals concerning the HS under section 1210 of the Omnibus Trade and Competitiveness Act of 1988 (the 1988 Act) (19 U.S.C. 3010). A 1988 notice issued by the United States Trade Representative (53 FR 45646, November 10, 1988), establishes the Commission as the lead U.S. agency in considering proposals for HS amendments that are intended to ensure that it reflects such changes in technology and trade.

In November 1996, the WCO decided provisionally to implement the next series of amendments to the nomenclature by the year 2002. As part of the current review cycle, the RSC requested that the WCO Secretariat develop a list of four-digit headings and six-digit subheadings for which world trade in each category did not exceed US\$100 million and US\$20 million, respectively. Based on preliminary trade data for calendar year 1993 provided by the United Nations Statistical Office (UNSO), the WCO Secretariat recently published a list of approximately 500 HS headings and subheadings that showed world trade below those thresholds. On this basis, the Subcommittee will consider deleting these headings and subheadings from the HS. The Subcommittee noted that as more recent data become available many of the categories would automatically be dropped from the list of possible deletions and thereby be retained in the HS. Additionally, each country was invited to examine the list and indicate to the Subcommittee each category which that country feels should be retained because (1) more recent trade data available to that country reveals that the category in fact exceeds the threshold or (2) international concern over environmental, social or economic issues necessitates monitoring global trade on products in the category despite the low volume of trade. Beginning in its 16th session (September 1997) the Subcommittee

will examine the Secretariat's list and all national requests for retention of individual categories.

The following is a list of the headings (ending with double zeros) and subheadings as provided by the Secretariat. Items in the list marked with an asterisk (\*) are those for which the Commission is proposing that the United States request retention.
