

Substance or exposure circumstance/CAS No.	Primary uses or exposures	To be reviewed for
PHENOLPHTHALEIN/77-09-8	Used as a laboratory reagent and acid-base indicator and as a cathartic drug in over-the-counter laxative preparations.	Listing in the 9th Report.
SACCHARIN/218-44-9	Used primarily as a nonnutritive sweetening agent	Delisting from the Report on Carcinogens.
SMOKELESS TOBACCO	Oral use of smokeless tobacco products	Listing in the 9th Report.
SULFURIC ACID MIST/7664-93-9	Sulfuric acid is the one of the most widely used of all industrial chemicals. Used in the manufacture of fertilizers, rayon and other fibers, pigments and colors, explosives, plastics, coal-tar products such as dyes and drugs, storage batteries, synthetic detergents, natural and synthetic rubber, pulp and paper, cellophane and catalysts. It is also used in petroleum refining, pickling iron, steel and other metals and in ore concentration.	Listing in the 9th Report.
TAMOXIFEN/10540-29-1	Used as an anti-estrogen drug and in the palliative treatment of breast cancer	Listing in the 9th Report.
2,3,7,8-TETRACHLORODIBENZOP-DIOXIN (TCDD)/1746-01-6	Not used commercially, used only as a research chemical	Change current listing to the Known to be a Human Carcinogen category.
TETRAFLUOROETHYLENE/116-14-3.	Used in the production of polytetrafluoroethylene (Teflon) and other polymers. Has also been used as a propellant for food product aerosols.	Listing in the 9th Report.
TOBACCO SMOKE	Inhalation of tobacco smoke	Listing in the 9th Report.
TRICHLOROETHYLENE/79-01-6	Used as an industrial solvent for vapor degreasing and cold cleaning of fabricated metal parts. Has also been used as a carrier solvent for the active ingredients of insecticides and fungicides, as a solvent for waxes, fats, resins, and oils, as an anesthetic for medical and dental use, and as an extractant for spice oleoresins and for caffeine from coffee.	Listing in the 9th Report.
UV RADIATION	Solar and artificial sources of ultraviolet radiation	Listing in the 9th Report.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Supplement to the Cooperative Agreement With the National Association of State Alcohol and Drug Abuse Directors, Inc.

AGENCY: Substance Abuse and Mental Health Services Administration (SAMHSA), HHS.

ACTION: Notice of planned single-source supplemental award.

SUMMARY: SAMHSA plans to supplement an ongoing cooperative agreement between SAMHSA and the National Association of State Alcohol and Drug Abuse Directors, Inc. (NASADAD). The supplement augments an effort already underway, and will fund a detailed inventory of prevention activities funded by the "20 percent set-aside" within the Substance Abuse Prevention and Treatment Block Grant, as well as a detailed inventory and analysis of each State's data capability. Consistent with the goal of the existing cooperative agreement between SAMHSA and NASADAD, these projects will support the States in their efforts to establish, improve, and maintain viable and effective substance

abuse systems that meet the needs of their clients.

SAMHSA has based its decision to fund these projects through the cooperative agreement on NASADAD's unique position as an association of Single State Agencies (SSAs) for substance abuse services. As the only National organization representing State substance abuse agencies, NASADAD's membership is composed of the State officials directly responsible for the administration of public substance abuse policies and services in the respective States. NASADAD includes State membership of all but one of the Substance Abuse Prevention and Treatment (SAPT) Block Grant recipients, as well as full and continuous communication with the leadership and staff of these agencies. Its membership also administers the 20 percent of the States' allotments from the SAPT Block Grant that are required by law to be used for substance abuse prevention efforts. NASADAD enjoys the confidence of its member States, providing the requisite access to carry out the activities of these supplements.

In view of the above considerations, SAMHSA has determined that a supplement to the existing cooperative agreement is the most effective way to assist the States by developing a detailed inventory of prevention

activities and an inventory and analysis of each State's data capability. The prevention set-aside supplement would address the needs of State and local government officials, the service provider community, other members of the affected public and the Federal government for further information regarding the use of the set aside. While the overall use of illicit drugs has declined in recent years, there has been an increase in the use of marijuana by youth in the United States. This increase is of great concern to the public and the State and Federal governments. In response, the Office of National Drug Control Policy has developed a National Drug Abuse Strategy, the first goal of which is designed to reduce illicit drug abuse by youth. Similarly, the Department of Health and Human Services has designed a Secretarial Initiative addressing this important issue. While Federal efforts can make an important contribution to reducing illicit drug use by youth, States and local governments realize it is essential that they refine and add to the existing base of prevention programs. For maximum effectiveness, these State and local efforts must be science-based and coordinated with other programs. This project will assist States and communities to design more effective programs, and will complement other

SAMHSA initiatives to assist the States and service providers such as the Center for Substance Abuse Prevention's (CSAP) State Incentive Grant Program, as well as CSAP's new Regional Centers for the Application of Prevention Technology. The project will also foster technology transfer by making available to all a detailed analysis of each State's prevention activities.

The supplement related to State data capability is intended to address the States' need for information regarding each State's capability to collect, analyze, and report data on the need for, and provision of, substance abuse treatment and prevention services. The States are currently engaged in a variety of related data collection activities funded directly by, or under the maintenance of effort requirements of, the SAPT Block Grant. These activities include prevention and treatment needs assessments, evaluation of managed care activities, treatment outcome performance pilot studies, a prevention minimum data set, the uniform facilities data set, the treatment episode data set, and numerous data systems initiated and maintained by individual States. By providing information on data activities in all States, this project will allow each State to learn from the experience of others and improve the availability and quality of substance abuse prevention and treatment services.

The Federal government is moving aggressively in the direction of assessing performance by measuring outcomes. In this context, the inventory and analysis of State data capability will assist the States in addressing two critical needs. First, it will help them efficiently use Federal funds for data collection activities, thereby improving the performance of the data systems themselves. Second, it will clarify the States' capabilities to measure the performance of their service programs. This project will assist each State in improving its data structure and will provide both the States and the Federal government with the information necessary to plan a realistic transition to performance-based measurement.

This notice is not a request for applications; only NASADAD is eligible to apply for the supplement to the existing cooperative agreement. If the NASADAD supplemental application is recommended for approval by the Special Review Committee and the SAMHSA National Advisory Council, funds will be made available.

Authority: The supplement will be made under the authority of Sections 501(d)(5) and 1935(b)(1)(C) of the Public Health Service Act, as amended (42 U.S.C. 290aa and 42 U.S.C. 300x-35).

The Catalogue of Federal Domestic Assistance number for this program is 93.119.

Availability of Funds

Up to \$200,000 in total costs (direct and indirect costs) will be available for the prevention inventory, and up to \$200,000 total costs (direct and indirect costs) will be available for the evaluation of State data capabilities.

FOR FURTHER INFORMATION CONTACT: Stephen G. Wing, SAMHSA Office of Policy and Program Coordination, Room 12C-05 Parklawn Building, (301-443-0593). The mailing address is: 5600 Fishers Lane, Rockville, Maryland 20857.

Dated: July 7, 1997.

Richard Kopanda,

Executive Officer, SAMHSA.

Notice of Meetings and Correction of Meeting Notice

Pursuant to Public Law 92-463, notice is hereby given of the following meetings of the SAMHSA Special Emphasis Panel II in July and correction of meeting notice for the Special Emphasis Panel II meeting in June.

With regard to the SEP II meetings being announced, a summary of the meetings may be obtained from: Ms. Dee Herman, Committee Management Liaison, SAMHSA Office of Extramural Activities Review, 5600 Fishers Lane, Room 17-89, Rockville, Maryland 20857. Telephone: 301-443-7390.

Substantive program information may be obtained from the individual named as Contact for the meetings listed below.

The meetings will include the review, discussion and evaluation of individual contract proposals. These discussions could reveal personal information concerning individuals associated with the proposals and confidential and financial information about an individual's proposal. The discussions may also reveal information about procurement activities exempt from disclosure by statute and trade secrets and commercial or financial information obtained from a person and privileged and confidential. Accordingly, the meetings are concerned with matters exempt from mandatory disclosure in Title 5 U.S.C. 552b(c) (3), (4), and (6) and 5 U.S.C. App. 2, Section 10(d).

Committee Name: SAMHSA Special Emphasis Panel II.

Meeting Date: July 14, 1997.

Place: Washington Hilton, 1919 Connecticut Avenue, N.W., Barcroft Room, Washington, DC 20009.

Closed: July 14, 1997, 9:00 a.m.—adjournment.

Contact: Arthur Leabman, 17-89, Parklawn Building, Telephone: 301-443-4783 and FAX: 301-443-3437.

Committee Name: Special Emphasis Panel II (SEP II).

Meeting Date: July 21, 1997.

Place: Holiday Inn-Chevy Chase, 5520 Wisconsin Avenue, Chase Room, Bethesda, MD 20815-4495.

Closed: July 21, 1997 9:00 a.m.—4:00 p.m.

Contact: Sandra E. Stephens, 17-89, Parklawn Building, Telephone: 301-443-9915 and FAX: 301-443-3437.

Summary of Correction Notice

Public notice was given in the **Federal Register** on June 20, 1997 (Volume 62, Number 119, Page 33667) that the Special Emphasis Panel II (SEP II) meeting would be held on June 30, 1997 at 1:00 p.m.—4 p.m. The date and time of this meeting has subsequently changed to July 9, 1997, from 2 p.m. to 4 p.m. The agenda, citation for closing, location of the meeting, and the Contact for additional information remain as announced.

This notice is being published less than 15 days prior to the meeting due to the urgent need to meet timing limitations imposed by the review and funding cycle.

Dated: July 7, 1997.

Jeri Lipov,

Committee Management Officer, Substance Abuse and Mental Health Services Administration.
