

will provide the Commission with an additional period of time to evaluate the economic studies and review the comments on the NASD's study. In addition, the Commission believes that the proposed rule change will benefit the markets by providing more experience with the rule before a decision is made regarding permanent approval. The Commission will consider the NASD's further proposals regarding the Actual Size Rule in the coming months, as well as the future of the 50 stock pilot itself. Accordingly, the Commission believes that the pilot is consistent with Sections 15A(b)(6) and 15A(b)(9) of the Act and should be extended beyond the July 18, 1997, expiration date. The Commission finds good cause for approving the proposed rule change prior to the thirtieth day after the date of publication of notice of filing thereof in the **Federal Register** in order to continue the pilot on an uninterrupted basis while it evaluates the NASD's proposal for expansion of the pilot.

*It is therefore ordered*, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (SR-NASD-97-49) be, and hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.<sup>21</sup>

*Deputy Secretary.*
