

Iowa, and PACE/Orchard Place-Child Guidance, Inc., in Des Moines, Iowa, whose innovative efforts to design and implement state-of-the-art substance abuse and gang prevention programming have made them uniquely suited for this explorative effort.

Both organizations address youth substance abuse by preventing school truancy, improving academic performance, tracking services to improve school attendance, providing tutoring services, family involvement projects, after-school programming, extensive substance abuse education, and school-based supportive services. Additionally, PACE/Orchard Place-Child Guidance, Inc., is the only private agency in Iowa working with substance abuse and delinquency prevention and truancy reduction in the Des Moines public schools. PACE/Orchard Place-Child Guidance, Inc., is also the primary private provider of preventive services under contract with Polk County Juvenile Court. Similarly, Family Resources, Inc., administers the oldest substance abuse prevention and gang intervention program in the "Quad cities" area, and the program served as a pilot project for the State of Iowa.

For the above reasons, only applications from the Iowa organizations identified above may be considered for this program.
