[Docket No. CP97-659-000]

Wisconsin Public Service Corporation; Notice of Application

July 30, 1997.

Take notice that on July 22, 1997, Wisconsin Public Service Corporation (WPSC), 700 North Adams Street, P.O. Box 19001, Green Bay, Wisconsin 54307-9001 filed an application pursuant to Section 7(f) of the Natural Gas Act (NGA), requesting a determination of a service area within which WPSC may, without further Commission authorization, enlarge or

expand its facilities, all as more fully described in the application that is on file with the Federal Energy Regulatory Commission (Commission) and open to public inspection.

WPSC states that it is a public utility engaged in, among other things, the business of distributing natural gas to customers for residential, commercial, and industrial use. WPSC requests a service area determination consisting of 16 miles of 8-inch diameter pipeline and the associated right of way from the Great Lakes Gas Transmission Limited Partnership pipeline at the Watersmeet city gate in the town of Watersmeet, Michigan, to a proposed WPSC city gate station in Conover, Wisconsin. WPSC will hold a 21.67 percent interest in both the Watersmeet city gate station and the proposed 8-inch diameter pipeline. Wisconsin Electric Power Company (WEPCO) will hold the remaining interest in the facilities.

In addition to the service area determination, WPSC also requests: (a) A finding that WPSC qualifies as a local distribution company (LDC) for purposes of Section 311 of the Natural Gas Policy Act of 1978 (NGPA); (b) a waiver of the Commission's regulatory requirements, including reporting and accounting requirements ordinarily applicable to natural gas companies under the NGA and NGPA; and (c) such further relief as the Commission may deem appropriate.

Any person desiring to be heard or to make any protest with reference to said application should on or before August 20, 1997, file with the Federal Energy Regulatory Commission, Washington D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules 211 or 214 of Practice and Procedure (18 CFR 385.211 or 385.214) and the Regulations under the Natural Gas Act (18 CFR 157.10). All Protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is
