Available Funds

The Congress has not yet enacted a FY 1998 appropriation for the Department of Education. The Assistant Secretary for Postsecondary Education is publishing this notice in order to give potential applicants adequate time to prepare applications. The estimates of the amounts of funds that will be available for these programs are based on the President's FY 1998 budget request.

Potential applicants should note, however, that the Congress may increase, eliminate, or reduce funding in FY 1998 for some of the discretionary grant programs administered by the Department. Final action on the FY 1998 appropriation may require the Department to cancel some of the competitions announced in this notice, as well as some of those the notice indicates will be announced at a later date.

The Department of Education is not bound by any of the Estimates in this notice.

National Education Goals

In developing this combined application notice the Assistant Secretary for Postsecondary Education has sought to ensure that programs awarding grants during FY 1998 will further achieve the National Education Goals, as found in Pub. L. 103-227 (the Goals 2000: Educate America Act, enacted March 31, 1994). The Secretary encourages applicants under these programs to consider the National

Education Goals in developing their applications.

The National Education Goals for the year 2000 are as follows:

- All children in America will start school ready to learn.
- The high school graduation rate will increase to at least 90 percent.
- All students will leave grades 4, 8, and 12 having demonstrated competency in challenging subject matter, including English, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography; and every school in America will ensure that all students learn to use their minds well, so they may be prepared for responsible citizenship, further learning, and productive employment in our Nation's modern economy.
- United States students will be first in the world in mathematics and science achievement.
- Every adult American will be literate and will possess the knowledge and skills necessary to compete in a global economy and exercise the rights and responsibilities of citizenship.
- Every school in the United States will be free of drugs, violence, and the unauthorized presence of firearms and alcohol and will offer a disciplined environment conducive to learning.
- The Nation's teaching force will have access to programs for the continued improvement of their professional skills and the opportunity to acquire the knowledge and skills

needed to instruct and prepare all American students for the next century.

- Every school will promote partnerships that will increase parental involvement and participation in promoting the social, emotional, and academic growth of children.

Applicability of Section 5301 of the Anti-Drug Abuse Act of 1988

A number of programs listed in this announcement provide that a grant, fellowship, traineeship, or other monetary benefit may be awarded to an individual. This award may be made to the individual either directly by the Department or by a grantee that receives Federal funds for the purpose of providing, for example, fellowships, traineeships, or other awards to individuals.

Section 5301 of the Anti-Drug Abuse Act of 1988 (Pub. L. 100-690; 21 U.S.C. 862) provides that a sentencing court may deny eligibility for certain Federal benefits to an individual convicted of drug trafficking or possession. Thus, an individual who applies for a grant, fellowship, or other monetary benefit under a program covered by this notice should understand that, if convicted of drug trafficking or possession, he or she is subject to denial of eligibility for that benefit if the sentencing court imposes such a sanction. This denial applies whether the Federal benefit is provided to the individual directly by the Department or is provided through a grant, fellowship, traineeship, or other

award made available with Federal funds by a grantee.

Any persons determined to be ineligible for Federal benefits under the provisions of section 5301 are listed in the General Services Administration's "Lists of Parties Excluded from Federal Procurement or Nonprocurement Programs."

Applicability of the Federal Debt Collection Procedures Act of 1990

The programs listed in the chart make discretionary awards subject to the eligibility requirements of the Federal Debt Collection Procedures Act of 1990 (Pub. L. 101-647; 28 U.S.C. 3201). The Act provides that if there is a judgment lien against a debtor's property for a debt to the United States, the debtor is not eligible to receive a Federal grant or loan, except direct payments to which the debtor is entitled as beneficiary, until the judgment is paid in full or otherwise satisfied.

Intergovernmental Review of Federal Programs

Certain programs in this notice are subject to the requirements of EO 12372 and the regulations in 34 CFR part 79. These programs are identified in the chart by a date in the column headed "Deadline for intergovernmental review." For further information, an applicant under a program subject to the Executive order—and other parties interested in that program—are directed to the appendix to this notice.

Appendix

Intergovernmental Review of Federal Programs

This appendix applies to each program that is subject to the requirements of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR part 79.

The objective of the Executive Order is to foster an intergovernmental partnership and to strengthen federalism by relying on State and local processes for State and local government coordination and review of proposed Federal financial assistance.

Applicants proposing to perform activities in more than one State should immediately contact the Single Point of Contact for each of those States and follow the procedure established in each of those States under the Executive Order.

In States that have not established a process or chosen a program for review, State, area-wide, regional, and local entities may submit comments directly to the Department.

Any State Process Recommendation and other comments submitted by a State Single Point of Contact and any comments from State, area-wide, regional, and local entities must be mailed or hand-delivered by the date indicated in this notice to the following address: The Secretary, EO 12372—CFDA# (commenter must insert number—including suffix letter, if any), U.S. Department of Education, Room 6213, 600 Independence Avenue, SW, Washington, DC 20202-0124.
