Advisory Opinions—21 CFR 10.85 (OMB Control No. 0910-0193—Reinstatement)

Section 10.85 (21 CFR 10.85), issued under section 701(a) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 371(a)), provides that an interested person may request an advisory opinion from the Commissioner of Food and Drugs (the Commissioner) on a matter of general applicability. Section 10.85 sets forth the format and instructions for making an advisory opinion request. When making a request, the petitioner must provide a concise statement of the issues and questions on which an opinion is requested and a full statement of the facts and legal points relevant to the request. An advisory opinion represents the formal position of FDA on a matter of general applicability.

Respondents to this collection of information are parties seeking an advisory opinion from the Commissioner on the agency's formal position for matters of general applicability.

FDA estimates the burden of the collection of information provisions for these regulations as follows:

ESTIMATED ANNUAL REPORTING BURDEN

21 CFR Section	No. of Respondents	Annual Frequency per Response	Total Annual Responses	Hours per Response	Total Hours
10.85	8	1	8	16	128

There are no capital costs or operating and maintenance costs associated with this collection of information.

The burden estimate for this collection of information is based on agency data received on this administrative procedure for the past 3 years. Agency personnel responsible for the processing of requests for an

advisory opinion estimate approximately eight requests are received annually by the agency, each requiring an estimated 16 hours of preparation time.
