FEDERAL MARITIME COMMISSION

Notice of Intent To Cancel Tariffs of Common Carriers by Water and To Suspend Licenses of Ocean Freight Forwarders in the Foreign Commerce of the United States for Failure To File Anti-Rebate Certifications

The Federal Maritime Commission's regulations at 46 CFR 582.1(a), 582.3(a) and 582.3(b) require every common carrier by water and ocean freight forwarder in the foreign commerce of the United States to file an anti-rebate certification by December 31 of each even-numbered calendar year.

Notice is given that the common carriers by water shown in part A of the attached list have not filed the anti-rebate certification which was due on or before December 31, 1996.

Consequently, these firms were notified by certified mail dated and mailed on August 1, 1997, that, if within 45 days of the date of such notice, they have not either filed an anti-rebate certification or established that it has been filed, their tariffs would be cancelled in accordance with 46 CFR 514.1(c)(1)(iii)(C).

Notice is further given that the ocean freight forwarders shown in part B of the attached list have not filed the anti-rebate certification which was due on or before December 31, 1996.

Consequently, these firms were notified by certified mail dated and mailed on August 1, 1997, that, if within 45 days of the date of such notice, they have not either filed an anti-rebate certification or established that it has been filed, their licenses would be suspended in accordance with 46 CFR 510.16(a)(6). This suspension shall remain in effect until such time as the license is reinstated by the Commission after an anti-rebate certification is filed.

Notice is further given that those firms that are both common carriers by water and ocean freight forwarders shown in part C of the attached list have not filed the anti-rebate certification which was due on or before December 31, 1996. Consequently, these firms were notified by certified mail dated and mailed on August 1, 1997, that, if within 45 days of the date of such notice, they have not either filed an anti-rebate certification or established that it had been filed, their tariffs would be cancelled in accordance with 46 CFR 514.1(c)(1)(iii)(C) and their licenses would be suspended in accordance with 46 CFR 510.16(a)(6). This suspension shall remain in effect until such time as the license is reinstated by the Commission after an anti-rebate certification is filed.

Firms filing the anti-rebate certification during the 45-day notice period will not have their tariffs cancelled or licenses suspended, but may be subject to a civil penalty of up to \$5,500 for each day the firm is in violation.
