July 30 Order, at 6. Specifically, CNG has revised Sections 4.1.A and Section 6.5 so that unresolved MPS-based imbalances will be subject to the same imbalance management provisions that are currently applicable to Wheeling Service under CNG's Rate Schedule MCS.

CNG states that copies of its filing have been mailed to the parties to the captioned proceeding.

#### Notice of Complaint

August 19, 1997.

*Horsehead Resource Development Co., Inc. v. Transcontinental Gas Pipe Line Corporation.*

Take notice that on August 8, 1997, pursuant to Rule 207 of the Commission's rules of practice and procedure, 18 CFR Section 385.207 (1996) and Order No. 636-C, Horsehead Resource Development Co., Inc. (Horsehead) tendered for filing a petition for relief to modify the term of a firm transportation contract it has entered into with Transcontinental Gas Pipe Line Corporation (Transco).

Horsehead respectfully requests that the Commission shorten the length of a firm transportation contract it has entered into with Transco from twenty years to five years. Horsehead states that it is currently entitled to 2,200 Mcf per day of firm capacity from Transco under a contract which was renewed for a twenty-year term effective for the period November 16, 1995 through November 16, 2015. Horsehead states that the contract was renewed at a time when the twenty-year term-matching cap set forth in Order No. 636 was in effect. Since then, the Court of Appeals for the District of Columbia Circuit overturned the Commission's decision to impose a twenty-year cap.

On remand, the Commission substituted a five-year cap to be effective prospectively and stated that it will entertain on a case-by-case basis requests to shorten a contract term if a customer renewed a contract under the right-of-first-refusal process since Order No. 636 and can show that it agreed to a longer term renewal contract than it otherwise would have because of the twenty-year cap. Horsehead states that it would have entered into a contract extension with Transco for the far shorter duration of five years had the twenty-year term matching cap under Order No. 636 not been in effect.

Horsehead respectfully requests that the Commission grant its petition for relief to shorten the term of its firm transportation contract with Transco from twenty years to five years from November 16, 1995 (expiring November 16, 2000).

Any person desiring to be heard or to protest said complaint should file a motion to intervene or a protest with the Federal Energy Regulatory Commission,
