

surcharge. Successful entrants must complete the immigrant visa application process and meet all eligibility requirements under U.S. law to be issued a visa.

Being selected as a winner in the DV Lottery does not automatically guarantee being issued a visa even if the applicant is qualified, because the number of entries selected and registered is greater than the number of immigrant visas available. Those selected will, therefore, need to complete and file their immigrant visa applications quickly. Once all 55,000 visas have been issued or on September 30, 1999, whichever is sooner, the DV Program for Fiscal Year 1999 will end.

Obtaining Instructions on Entering the DV Lottery

The above information on entering the DV-99 program is also available 24 hours a day to persons within the United States by calling the Department of State's Visa Lottery Information Center at 1-900-884-8840 at a flat rate of \$5.10 per call. Callers will first hear some basic information about the DV Lottery and will be requested to provide their name and address so that printed instructions can be mailed to them. Applicants overseas may continue to contact the nearest U.S. Embassy or Consulate for instructions on the DV Lottery.
