BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

[CC Docket No. 87-313, FCC 97-168]

Policy Concerning Rates for Dominant Carriers

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: On May 30, 1997, the Commission released a Memorandum Opinion and Order ("Order") establishing sufficient reporting requirements for incumbent local exchange carriers (ILEC's) to enable the Commission and the industry to monitor the service quality provided to ILEC's competitors. In the *Order*, we addressed the issues raised in the petitions filed by TCA, ICA, CFA and the ILECs. We also make modifications to our service quality and infrastructure reporting requirements consistent with the provisions of the Telecommunications Act of 1996 ("1996 Act").

FOR FURTHER INFORMATION CONTACT: Janice Jamison, Attorney/Advisor, Accounting and Audits Division,

Common Carrier Bureau, (202) 418-2290.

SUPPLEMENTARY INFORMATION: The 1996 Act requires that "quality services should be available at just, reasonable and affordable rates." It also requires ILEC's to make available quality services to competing local exchange carriers (CLECs) without discrimination and with reasonable access to ILEC networks. Section 259 of the Act directs ILECs to make available, under certain conditions, public switched network infrastructure and other capabilities to qualifying carriers that are providing universal service outside the providing ILEC's telephone exchange. Additionally, Section 259 of the 1996 Act directs ILEC's to make available, under certain conditions, public switched network infrastructure and other capabilities to qualifying carriers that are providing universal service outside the area in which the ILEC providing the support operates. The Commission recognizes that local competition will begin through interconnection, resale, and infrastructure sharing. These methods involve facilities and services that ILEC's will provide to their competitors. For competition to flourish, there must be assurances that competitors receive the same level of service quality and facility maintenance that an incumbent carrier provides itself. A primary objective of this proceeding is to establish sufficient reporting requirements for ILEC's to enable the Commission and the industry to monitor the service quality provided to ILECs' competitors. Prior to the enactment of the 1996 Act, the Common Carrier Bureau ("Bureau") released the *Service Quality Modifications Order*. In that Order, the Bureau deferred decisions about whether to modify the Automated Reporting Management Information System ("ARMIS") reports that the Commission has used to monitor service quality of, and infrastructure development by, mandatory price cap carriers. Specifically, the Order deferred decisions on the modifications to ARMIS Reports 43-05, 43-06, and 43-07.

ARMIS is an automated system developed in 1987 for collecting common carrier financial and operating information. Additional reports were added to the ARMIS system in 1991 specifically to monitor service quality and network infrastructure development under price cap regulation. Today, ARMIS consists of ten reports. Two of these ARMIS reports, the Service Quality Quarterly Report 43-05 and the

Service Quality Semi-annual Report 43-06, originally filed four times a year have become annual filings as required by section 402(b)(2)(B) of the 1996 Act. As modified the ARMIS Service Quality Report (43-05) collects data designed to capture trends in service quality under price cap regulation and improves and standardizes reporting requirements for this purpose. The ARMIS Service Quality Report (43-06) collects data designed to capture trends in service quality under price cap regulation. The ARMIS Report (43-07) collects data designed to capture trends in telephone industry infrastructure development under price cap regulation.

Federal Communications Commission.

William F. Caton,

Acting Secretary.

BILLING CODE 6712-01-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

Termination of FEMA Advisory Board

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Notice.

SUMMARY: The Director of FEMA (Director) gives notice of the termination of the FEMA Advisory Board (Board) in order to adopt a more inclusive process than previously used for involving constituents and stakeholders in policy development.

EFFECTIVE DATE: The Board charter expired July 31, 1996.

FOR FURTHER INFORMATION CONTACT: Rachael A. Rowland, Intergovernmental Affairs, Federal Emergency Management Agency, 500 C Street SW., room 801, Washington, DC 20472, (202) 646-2889.

SUPPLEMENTARY INFORMATION: The Board was an independent advisory body to the Director, which advised the Director on FEMA plans and programs for emergency management and on the Director's responsibilities under the National Security Act of 1947. It consisted of 16 members appointed by the Director, with broad, balanced representation, including former Federal, State and local government officials, respected representatives from State and local voluntary emergency preparedness and response organizations, and nonprofit and private sector entities. The Board is currently an inactive body that was last renewed for a period of two years on August 1, 1994. The Board charter lapsed on July 31, 1996.
