

**SUMMARY:** The Commission's amendments to the international Section 214 authorization process and tariff requirements, which contained new and modified information collection requirements, became effective on June 13, 1996.

**EFFECTIVE DATES:** The amendments to §§ 1.767, 61.20, 61.21, 61.22, 63.01, 63.02, 63.05, 63.10, 63.11, 63.12, 63.13, 63.14, 64.15, 63.17, 63.18, 63.19, 63.20, and 63.21 became effective on June 13, 1996 (61 FR 15724 April 9, 1996).

**FOR FURTHER INFORMATION CONTACT:** Troy F. Tanner, Chief, Policy and Facilities Branch, Telecommunications Division, International Bureau, (202) 418-1470.

**SUPPLEMENTARY INFORMATION:** On February 29, 1996, the Commission adopted new rules to streamline the international Section 214 authorization process and tariff requirements, a summary of which was published in the **Federal Register**. See 61 FR 15724, April 9, 1996. Because the rules and regulations imposed new and modified information collection requirements, we stated that "§ 63.23(c) became effective on May 9, 1996. All other regulations take effect either May 9, 1996 or upon approval by the Office of Management and Budget (OMB), whichever occurs later." We also stated that "when approval is received, the agency will publish a document announcing the effective date." The information collections were approved by OMB on June 13, 1996. See OMB Nos. 3060-0686. This publication satisfies the statement that the Commission would publish a document announcing the effective date of the rules.

**List of Subjects in 47 CFR Parts 1, 61, and 63**

Administrative practice and procedure, Communications common carriers.

Federal Communications Commission.

**FEDERAL COMMUNICATIONS COMMISSION**

**47 CFR Part 25**

[IB Docket No. 95-117; FCC 96-425]

**Satellite Application and Licensing Procedures**

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule; correction.

**SUMMARY:** The Federal Communication Commission published in the **Federal Register** of February 10, 1997, a document concerning changes to the Commission's rules in 47 CFR part 25. Only the introductory text of § 25.143(e)(1) should have been corrected and a typographical error appeared in § 25.212(c). This document corrects these errors.

**EFFECTIVE DATE:** Effective upon October 1, 1997.

**FOR FURTHER INFORMATION CONTACT:** Kathleen Campbell, International Bureau, Satellite Policy Branch (202) 418-0753.

**SUPPLEMENTARY INFORMATION:** In December 1996, the Commission adopted modifications to its rules in 47 CFR Part 25. On February 10, 1997, a summary of the final rules was published in the **Federal Register**, 62 FR 5924 (February 10, 1997). This document corrects two errors contained in that summary. The amendatory language for § 25.143 in Item 16 was incorrect and a typographical error appeared in § 25.212(c) of Item 20.

1. The amendatory language of Item 16, page 5930, is corrected to read as follows:

16. Section 25.143(e)(1) is amended by revising the introductory sentence to read as follows:

**§ 25.212 [Corrected]**

2. In Item 20, page 5931, in § 25.212, paragraph (c) is corrected to read as follows:

\* \* \* \* \*

(c) In the 14 GHz band, an earth station with an equivalent diameter of 1.2 meters or greater may be routinely licensed for transmission of narrowband analog services with bandwidths up to 200 kHz if the maximum input power density into the antenna does not exceed -8 dBW/4 kHz and the maximum transmitted satellite carrier EIRP density does not exceed 13 dBW/4 kHz, and for transmission of narrowband and/or wideband digital services, if the maximum input power density into the antenna does not exceed -14 dBW/4 kHz and the maximum transmitted satellite carrier EIRP density does not exceed +6.0 dBW/4 kHz.

BILLING CODE 6712-01-P

**FEDERAL COMMUNICATIONS COMMISSION**

**47 CFR Part 43**

[CC Docket No. 90-337, FCC 96-160]

**Regulation of International Accounting Rates**

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule; announcement of effective date.

**SUMMARY:** The rule amended by the Commission establishing standards for reporting when a carrier interconnects an international private line to the U.S. Public Switched Network (PSN), shall become effective October 1, 1997. The decision, which contained new information collection requirements, was published in the **Federal Register** on November 21, 1996.

**EFFECTIVE DATE:** The amendment to 47 CFR § 43.51 published at 61 FR 59198 (November 21, 1996) is effective October 1, 1997.

**FOR FURTHER INFORMATION CONTACT:** Susan O'Connell, Attorney-Advisor, Policy and Facilities Branch, Telecommunications Division, International Bureau, (202) 418-1470.

**SUPPLEMENTARY INFORMATION:** On April 9, 1996, the Commission adopted a *Third Report and Order and Order on Reconsideration* ("Order") (FCC 96-160) establishing standards for reporting when a carrier interconnects an international private line to the U.S. Public Switched Network (PSN), a summary of which was published in the **Federal Register**. See 61 FR 59198, November 21, 1996. We stated that the "rule was effective December 23, 1996, except § 43.51(d), which contains new information collections which will not become effective until approval by the Office of Management and Budget (OMB)." We also stated that "the Commission will publish a document in the **Federal Register** at a later date establishing the effective date." This statement requires further action by the Commission to establish the effective date, notwithstanding the preceding statement in the summary that the rule change would become effective upon OMB approval. In order to resolve this matter in a manner that most appropriately provides interested parties with proper notice, the rule changes adopted in the Order shall become effective October 1, 1997. The information collection contained in § 43.51(d) was approved by OMB on January 6, 1997. See OMB No. 3060-0751.
