

26, 1997). Respondents have indicated that they will be cooperating in the investigation. In addition, we are investigating a large number of potentially complex alleged countervailable subsidy practices. Accordingly, as detailed in our September 23, 1997, Memorandum to Robert S. LaRussa, Assistant Secretary for Import Administration, (on file in the public file of the Central Records Unit, Room B-099 of the Department of Commerce) we deem this investigation to be extraordinarily complicated, and determine that additional time is necessary to make the preliminary determination. Therefore, pursuant to section 703(c)(1) of the Tariff Act of 1930, as amended ("the Act"), we are postponing the preliminary determination in this investigation to no later than December 29, 1997.

This notice is published pursuant to section 703(c)(2) of the Act.

Dated: September 30, 1997.

Robert S. LaRussa,

Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION: The Billfish AP will review a draft scoping document on issues and options for the management of Atlantic billfish. The scoping document was prepared by the Highly Migratory Species Management Division of NMFS, Office of Sustainable Fisheries, which is responsible for the management of billfishes, swordfish, marlin, tuna, and sharks. The purpose of the scoping document is to inform the public of NMFS' intent to gather information and to provide a mechanism by which the public can consider and comment on issues and alternatives relative to the management of Atlantic highly migratory species. Accordingly, the views of the commercial fishing, recreational fishing, conservation and scientific communities, and the general public are being sought by NMFS through publication of the draft scoping document.

The AP will also review a petition submitted to NMFS by the Coastal Conservation Association to declare Atlantic white and blue marlin stocks overfished. If these stocks are declared to be overfished, NMFS will be required to develop and implement a rebuilding plan.

The recommendations of the Billfish AP will be presented to the Council at their November 10-13, 1997 meeting in Longboat Key, FL, at which time the Council may decide whether to provide comment to NMFS on the above issues.

Although other issues not contained in this agenda may come before the AP for discussion, in accordance with the Magnuson-Stevens Fishery Conservation Act, those issues may not be the subject of formal AP action during this meeting.
