[Docket No. 97-CE-61-AD]

RIN 2120-AA64

Airworthiness Directives; The New Piper Aircraft, Inc. PA-23, PA-30, PA-31, PA-34, and PA-42 Series Airplanes

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of proposed rulemaking; correction.

SUMMARY: This document makes a correction to a proposed Airworthiness Directive (AD); notice of proposed rulemaking (NPRM); Docket No. 97-CE-61-AD, which was published in the **Federal Register** on September 16, 1997 (62 FR 48546), and is applicable to The New Piper Aircraft, Inc. (Piper) PA-23, PA-30, PA-31, PA-34, and PA-42 series airplanes. This NPRM incorrectly shows the proposed applicability in Section 39.13 of the proposed AD as Raytheon Aircraft Company (Raytheon) Models E55, E55A, 58, 58A, 58P, 58PA, 58TC, 58TCA airplanes and 60, 65-B80, 65-B90, 90, F90, 100, 300, and B300 series airplanes. The NPRM currently proposes airplane flight manual (AFM) limitations for recognizing and exiting severe icing conditions. This action corrects the applicability in Section 39.13 of Docket No. 97-CE-61-AD.

DATES: Comments must be received on or before October 14, 1997.

ADDRESSES: Submit comments in triplicate to the Federal Aviation Administration (FAA), Central Region, Office of the Regional Counsel, Attention: Rules Docket No. 97-CE-61-AD, Room 1558, 601 E. 12th Street, Kansas City, Missouri 64106. Comments may be inspected at this location between 8 a.m. and 4 p.m., Monday through Friday, holidays excepted.

This information also may be examined at the Rules Docket at the address above.

FOR FURTHER INFORMATION CONTACT: Mr. John P. Dow, Sr., Aerospace Engineer, Small Airplane Directorate, Aircraft Certification Service, 1201 Walnut, suite 900, Kansas City, Missouri 64106, telephone (816) 426-6932, facsimile (816) 426-2169.

SUPPLEMENTARY INFORMATION:**Discussion**

On September 9, 1997, the FAA issued NPRM, Docket 97-CE-61-AD, (62 FR 48546, September 16, 1997), which applies to Piper Models PA-23,

PA-23-160, PA-23-235, PA-23-250, PA-E23-250, PA-30, PA-39, PA-40, PA-31, PA-31-300, PA-31-325, PA-31-350, PA-34-200, PA-34-200T, PA-34-220T, PA-42, PA-42-720, and PA-42-1000 airplanes. This NPRM incorrectly references the applicability in Section 39.13 of the proposed AD as Raytheon Models E55, E55A, 58, 58A, 58P, 58PA, 58TC, 58TCA airplanes and 60, 65-B80, 65-B90, 90, F90, 100, 300, and B300 series airplanes.

Need for the Correction

This NPRM Docket No. 97-CE-61-AD, currently has the wrong applicability in Section 39.13 of the proposed AD. If the applicability is not changed, owners/operators of Piper and Raytheon model airplanes will not know which airplanes are effected by the NPRM.

Correction of Publication

Accordingly, the publication of September 16, 1997 (62 FR 48546), which was the subject of FR Doc. 97-24493, is corrected as follows: On page 48548, in the third column, starting on the 30th line in Section 39.13, correct:

“**Raytheon Aircraft Company:** Docket No. 97-CE-61-AD.

Applicability: Models E55, E55A, 58, 58A, 58P, 58PA, 58TC, 58TCA Airplanes and 60, 65-B80, 65-B90, 90, F90, 100, 300, and B300 Series Airplanes, certificated in any category.” to read:

“**The New Piper Aircraft, Inc.:** Docket No. 97-CE-61-AD.

Applicability: Models PA-23, PA-23-160, PA-23-235, PA-23-250, PA-E23-250, PA-30, PA-39, PA-40, PA-31, PA-31-300, PA-31-325, PA-31-350, PA-34-200, PA-34-200T, PA-34-220T, PA-42, PA-42-720, and PA-42-1000 airplanes, certificated in any category.

Issued in Kansas City, Missouri on October 1, 1997.

Michael Gallagher,

Manager, Small Airplane Directorate, Aircraft Certification Service.

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

21 CFR Parts 1300, 1309, 1310

[DEA Number 163P]

RIN 1117-AA44

Implementation of the Comprehensive Methamphetamine Control Act of 1996; Regulation of Pseudoephedrine, Phenylpropanolamine, and Combination Ephedrine Drug Products and Reports of Certain Transactions to Nonregulated Persons

AGENCY: Drug Enforcement Administration (DEA), Justice.

ACTION: Proposed rule.

SUMMARY: DEA is proposing amending its regulations to implement the requirements of the Comprehensive Methamphetamine Control Act of 1996 (MCA) with respect to the regulation of pseudoephedrine, phenylpropanolamine, and combination ephedrine drug products as List I chemicals and the reporting of certain transactions involving pseudoephedrine, phenylpropanolamine, and ephedrine.

The MCA removed the previous exemption from regulation as List I chemicals which had applied to pseudoephedrine, phenylpropanolamine, and combination ephedrine drug products.

This action makes persons who distribute the products subject to the registration requirement. Also, distributions, importations, and exportations of the products became subject to the existing chemical controls relating to regulated transactions, except in certain circumstances specified in the MCA. The MCA also requires that reports be submitted for certain distributions involving ephedrine, pseudoephedrine, and phenylpropanolamine (including drug products containing those chemicals) by Postal Service or private or commercial carrier to nonregulated persons. This proposed rule amends the regulations to make them consistent with the language of the MCA and to establish the specific procedures to be followed to satisfy the new reporting requirement.

DATES: Written comments or objections should be submitted by no later than December 8, 1997.

ADDRESSES: Comments and objections should be submitted in quintuplicate to the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration, Washington, D.C. 20537, Attention: DEA Federal Register Representative/CCR.
