

warehouse, for consumption during the January 1, 1993 through December 31, 1993 POR will be liquidated at the cash deposit rate then in effect.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning disposition of proprietary information disclosed under APO in accordance with section 353.34(d) of the Department's regulations. Timely written notification of the return or destruction of APO materials is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Dated: October 21, 1997.

Richard W. Moreland,

Acting Deputy Assistant Secretary, Group II, Import Administration.

BILLING CODE 3510-DS-M

DEPARTMENT OF COMMERCE

International Trade Administration

[A-337-803]

Notice of Postponement of Preliminary Antidumping Determination: Fresh Atlantic Salmon From Chile

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: October 29, 1997.

FOR FURTHER INFORMATION CONTACT: Michelle Frederick or Kris Campbell, Office of AD/CVD Enforcement II, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230; telephone (202) 482-0186, or (202) 482-3813, respectively.

Postponement of Preliminary Determination

The Department of Commerce (the Department) is postponing the preliminary determination in the antidumping duty investigation of fresh Atlantic Salmon from Chile. The deadline for issuing the preliminary

determination in this investigation is now no later than January 8, 1998.

On July 2, 1997, the Department initiated an antidumping investigation of fresh Atlantic salmon from Chile. The notice stated we would issue our preliminary determination on November 19, 1997.

On October 17, 1997, pursuant to section 733(c) of the Tariff Act of 1930, as amended, the Coalition for Fair Atlantic Salmon Trade and certain individual members thereof, the petitioners, requested that the Department postpone until January 8, 1998, the issuance of the preliminary determination in this investigation. The petitioners' request for postponement was timely, and the Department finds no compelling reason to deny the request. Therefore, we are postponing the deadline for issuing this determination until no later than January 8, 1998.

This extension is in accordance with section 733(c)(1)(A) of the Act and 19 CFR 353.15(d).

Dated: October 23, 1997.

Richard W. Moreland,

Acting Deputy Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 093097B]

Marine Mammals; Scientific Research Permit (P36D)

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Receipt of application.

SUMMARY: Notice is hereby given that Dr. Bernd Würsig, Director, Marine Mammal Research Program, Texas A&M University, 4700 Avenue U/Building 303, Galveston, Texas 77551, has applied in due form for a permit to take bottlenose dolphins (*Tursiops truncatus*) for purposes of scientific research.

DATES: Written comments must be received on or before November 28, 1997.

ADDRESSES: The application and related documents are available for review upon written request or by appointment in the following office(s):

Permits Division, Office of Protected Resources, NMFS, 1315 East-West

Highway, Room 13130, Silver Spring, MD 20910 (301/713-2289); and

Regional Administrator, Southeast Region, NMFS, 9721 Executive Center Drive North, St. Petersburg, FL 33702-2432 (813/570-5301).

Written data or views, or requests for a public hearing on this request, should be submitted to the Director, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13130, Silver Spring, MD 20910. Those individuals requesting a hearing should set forth the specific reasons why a hearing on this particular request would be appropriate.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of this application to the Marine Mammal Commission and its Committee of Scientific Advisors.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*) and the Regulations Governing the Taking and Importing of Marine Mammals (50 CFR part 216).

The applicant requests authorization to take by harassment up to 5,000 bottlenose dolphins of all age and sex classes, in the Gulf of Mexico along the Texas and Louisiana coast, over a five year period during the course of: (1) photo-identification and boat-based behavioral studies; (2) biopsy sampling of 100 individuals for contaminant studies; and (3) acoustic playback experiments to test the behavioral reaction of the dolphins to "pingers" used to deter marine mammal entanglement in commercial fishing gear.

Dated: October 1, 1997.

Ann D. Terbush,

Chief, Permits and Documentation Division, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510-22-F

COMMODITY FUTURES TRADING COMMISSION

CBT Proposed Amendments to the Circuit Breaker Trading Halt Reopening Provision for the Dow Jones Industrial Average Futures Contract

AGENCY: Commodity Futures Trading Commission.

ACTION: Notice of proposed contract market rule change.

SUMMARY: The CBT proposes to amend its procedure for reopening trading in its

Dow Jones Industrial Average (DJIA) futures contract following a circuit breaker trading halt. Under the proposal, trading would resume after trading in the underlying securities market has reopened and the CBT Executive Committee has determined to resume futures trading. Under current rules, after a trading halt, futures trading resumes when trading in the underlying securities market has reopened and 50 percent of the DJIA stocks, according to capitalization, have reopened. The Acting Director of the Division of Economic Analysis (Division) of the Commission, acting pursuant to the authority delegated by Commission Regulation 140.96, has determined that publication of the proposal for comment is in the public interest, will assist the Commission in considering the views of interested persons, and is consistent with the purposes of the Commodity Exchange Act.

DATES: Comments must be received on or before November 28, 1997.

ADDRESSES: Interested persons should submit their views and comments to Jean A. Webb, Secretary, Commodity Futures Trading Commission, Three Lafayette Centre, 21st Street, NW, Washington, DC 20581. In addition, comments may be sent by facsimile transmission to facsimile number (202) 418-5521, or by electronic mail to secretary@cftc.gov. Reference should be made to the amendments to the trading halt reopening provision of the Dow Jones Industrial Average futures contract.

FOR FURTHER INFORMATION CONTACT: Please contact Thomas Leahy of the Division of Economic Analysis, Commodity Futures Trading Commission, Three Lafayette Centre, 21st Street NW, Washington, 20581, telephone (202) 418-5278. Facsimile number: (202) 418-5527. Electronic mail: tleahy@cftc.gov.

SUPPLEMENTARY INFORMATION: Under the proposal, after a trading halt, trading in the DJIA future would resume at the discretion of the CBT. The CBT stated that this provision would allow for better coordination with the Chicago Board Options Exchange (CBOE), which has submitted to the Securities and Exchange Commission an amendment to the reopening provision for CBOE options.

The Division requests comments on the proposed change to the CBT's reopening provision after a circuit breaker trading halt for the DJIA futures contract. Commenters should address the extent to which the proposed provision would coordinate with the reopening provisions of the equities

markets and other equity-index futures markets.

Copies of the amended terms and conditions will be available for inspection at the Office of the Secretariat, Commodity Futures Trading Commission, Three Lafayette Centre, 21st Street NW, Washington, DC 20581. Copies also can be obtained through the Office of the Secretariat by mail at the above address or by phone at (202) 418-5100.

Other materials submitted by the CBT may be available upon request pursuant to the Freedom of Information Act (5 U.S.C. 552) and the Commission's regulations thereunder (17 CFR Part 145 (1987)), except to the extent they are entitled to confidential treatment as set forth in 17 CFR 145.5 and 145.9.

Requests for copies of such materials should be made to the FOI, Privacy and Sunshine Act Compliance Staff of the Office of Secretariat at the Commission's headquarters in accordance with 17 CFR 145.7 and 145.8.

Any person interested in submitting written data, views, or arguments on the proposed amendments, or with respect to other materials submitted by the CBT, should send such comments to Jean A. Webb, Secretary, Commodity Futures Trading Commission, Three Lafayette Centre, 21st Street NW, Washington, DC 20581 by the specified date.

Issued in Washington, DC, on October 23, 1997.

John R. Mielke,
Acting Director.

BILLING CODE 6351-01-P

DEPARTMENT OF DEFENSE

Department of the Army

Environmental Assessment and Finding of No Significant Impact for the BRAC 95 Disposal and Refuse of the Detroit Army Tank Plant, Warren, Michigan

AGENCY: Department of the Army, DoD.
ACTION: Notice of availability.

SUMMARY: The Department of the Army announces the availability of the Environmental Assessment (EA) and Finding of No Significant Impact (FNSI) for the disposal and reuse of the Detroit Army Tank Plant (DATP), Warren, Michigan, in accordance with the Defense Base Closure and Realignment Act of 1990, Public Law 101-510, as amended. The 1995 Defense Base Closure and Realignment Commission (BRAC) recommended the realignment of Detroit Arsenal by closing and

disposing of the DATP. This EA addresses disposal of the property made available by the realignment of Detroit Arsenal and the closure of DATP as mandated by the 1995 BRAC Commission.

The EA evaluates the environmental and socioeconomic effects associated with the disposal and subsequent reuse of the DATP. The Army proposes to dispose of approximately 153 acres of property on the east side of the Detroit Arsenal that have historically been used to accomplish the mission of manufacturing and assembly of the main battle tank. The Army declared 147.39 acres surplus to its needs. The larger acreage figure of 153 assumes eventual transfer of Buildings 7 and 8, with a long-term lease-back arrangement with the Army. Building 7 and 8 are presently needed by the Army for continued use.

Alternatives examined in the Final EA include encumbered disposal of the property, unencumbered disposal of the property and no action. The Army's preferred alternative for disposal of the DATP property is encumbered disposal which involves conveying the property with conditions imposed pertaining to historical resources, remedial activities, utility easements, potential subsurface impediments, and lead-based paint.

The EA, which is incorporated into the FNSI, examines potential impacts of the proposed action and alternatives on 14 resource areas and areas of environmental concern: land use, climate, air quality, noise, water resources, geology, infrastructure, hazardous and toxic materials, permits and regulatory authorizations, biological resources, cultural resources, the sociological environment, economic development, and quality of life.

The EA concludes that the disposal and subsequent reuse of the property will not have a significant impact on the human environment. Issuance of a FNSI would be appropriate. An Environmental Impact Statement is not required prior to implementation of the proposed actions.

DATES: Inquiries will be accepted until November 28, 1997.

ADDRESSES: A copy of the EA or inquiries into the FNSI may be obtained by writing to Mr. Joe Hand at the Army Corps of Engineers, Mobile District, (Attn: CESAM-PD-EC), 109 St. Joseph Street, Mobile, Alabama 36626-0001, or by calling (334) 694-3881; facsimile (334) 690-2727.
