20. Sithe Power Marketing, Inc.

[Docket No. ER98-107-000]

Take notice that on October 9, 1997, Sithe Power Marketing, Inc. (Sithe PM), petitioned the Federal Energy Regulatory Commission to grant certain blanket authorizations, to waive certain of the Commission's Regulations and to issue an order accepting Sithe PM's FERC Electric Rate Schedule No. 1.

Sithe PM intends to engage in power marketing transactions, purchasing and reselling electricity at wholesale. Sithe PM states that it does not own or control and is not affiliated with any entity that owns or controls electric transmission or distribution facilities in the United States. Sithe further states that it is not affiliated with any franchised electric utility in the United States. Sithe concludes that any interests that its affiliates have in domestic electric generation facilities do not raise any generation market power concerns.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-5914-6]

Agency Information Collection Activities: Proposed Collection; Comment Request; Clean Air Act Tribal Authority

AGENCY: Environmental Protection Agency (EPA).
ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this notice announces that EPA is planning to submit the following continuing Information Collection Request (ICR) to the Office of Management and Budget (OMB): Clean Air Act Tribal Authority, OMB Code No. 2060-0306, expiring 03/31/98. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before December 29, 1997.

ADDRESSES: Office of Air and Radiation, Office of Program Management Operations, U.S. Environmental Protection Agency, 401 M Street, S.W., Washington, D.C. 20460. Interested persons may request a copy of the ICR

by calling (202) 260-7652, or by electronic mail at "Laroche.david@EPAMail.EPA.gov".

FOR FURTHER INFORMATION CONTACT: David Laroche, Telephone No. (202) 260-7652/ Facsimile No. (202) 260-8509/E-MAIL Address. "Laroche.david@EPAMail.EPA.gov".

SUPPLEMENTARY INFORMATION:

Affected entities: Entities potentially affected by this action are Indian Tribes.

Title: Clean Air Act Tribal Authority, (OMB Code No.2060-0306; EPA ICR No. 1676.02), expiring 03/31/98.

Abstract: This ICR requests clearance on EPA's review and approval process for determining Tribe eligibility to carry out the Clean Air Act (CAA). Tribes may choose to submit a CAA eligibility and a CAA program application to EPA at the same time for approval and EPA will review both submittals simultaneously. EPA will use this information to determine if a Tribe meets the statutory criteria under the section 301(d) of the CAA and is qualified for purposes of implementing an Air Quality Program. Section 114 of the CAA is the authority for the collection of information.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15. Section 301(d) of the CAA directs EPA's Administrator to promulgate

regulations specifying those provisions of the Act which determine Tribe eligibility. When promulgated, the regulations will give Tribes the opportunity, if they choose, to implement all CAA programs. The Tribal rule will authorize approved Tribes to exercise civil authority over all air resources within the exterior boundaries of their reservations, including nontribal owned fee lands, or other areas within the Tribes' jurisdiction. The regulation is under administrative review and promulgation is expected in 1997.

Each Tribe is to meet eligibility by demonstrating it: (1) Is a Federally recognized Tribe; (2) has a governing body carrying out substantial governmental duties and powers; and (3) is reasonably expected to be capable of carrying out the program for which it is seeking approval in a manner consistent with the CAA and applicable regulations. If the Tribe is asserting jurisdiction over off-reservation lands, it must demonstrate the legal and factual basis for its jurisdiction consistent with applicable principles of Indian Laws.

The EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the agency's estimate of the burden of the
