

ARAC to assist ARAC in the analysis of the assigned task. Working group recommendations must be reviewed and approved by ARAC. If ARAC accepts the working group's recommendations, it forwards them to the FAA as ARAC recommendations.

Working Group Activity

As is the case with all harmonization working groups, meetings of the Licensing Harmonization Working Group will be held alternatively between the United States and Europe. Tentatively, the next two meetings will be held in Washington, DC, in January 1998 and in Hoofddorp, The Netherlands, in February 1998.

The Licensing Harmonization Working Group is expected to comply with the procedures adopted by ARAC. As part of the procedures, the working group is expected to:

1. Recommend to ARAC a work plan for completion of the tasks, including the rationale supporting such a plan, for consideration at the meeting of ARAC to consider Training and Qualifications Issues held following publication of this notice.

2. Give a detailed conceptual presentation to ARAC of the proposed recommendations, prior to proceeding with the work stated in item 3 below.

3. Provide a status report at each meeting of ARAC held to consider Training and Qualifications Issues.

Participation in the Working Group

The Licensing Harmonization Working Group is composed of experts having an interest in the assigned task. A working group member need not be a representative of a member of the full committee.

An individual who has expertise in the subject matter and wishes to become a member of the working group should write to the person listed under the caption **FOR FURTHER INFORMATION CONTACT** expressing that desire, describing his or her interest in the tasks, and stating the expertise he or she would bring to the working group. The request will be reviewed by the assistant chair, the assistant executive director, and the working group chair, and the individual will be advised whether or not the request can be accommodated. Requests to participate on the Licensing Harmonization Working Group should be submitted no later than November 28, 1997. To the extent possible, the composition of the working group will be balanced among the aviation interests selected to participate.

The Secretary of Transportation has determined that the formation and use of ARAC are necessary and in the public

interest in connection with the performance of duties imposed on the FAA by law.

Meetings of ARAC will be open to the public. Meetings of the Licensing Harmonization Working Group will not be open to the public, except to the extent that individuals with an interest and expertise are selected to participate. No public announcement of working group meetings will be made.

Issued in Washington, DC, on October 29, 1997.

Thomas K. Toula,

Assistant Executive Director for Training and Qualifications Issues, Aviation Rulemaking Advisory Committee.
