[Project No. 2042-008]

Public Utility District No. 1 of Pend Oreille County, Washington; Notice Of Application For Approval of Contracts For The Sale Of Power for A Period Extending Beyond The Term of The License

November 6, 1997.

On October 3, 1997, pursuant to Section 22 of the Federal Power Act, 16 U.S.C. § 815, Public Utility District No.

1 of Pend Oreille County, Washington (Pend Oreille), filed an application requesting Commission approval of a contract for the sale of power from the Box Canyon Project No. 2042 for a period extending approximately three and one-half years beyond the January 30, 2002 expiration date of the license. The project is located on the Pend Oreille River in Pend Oreille County, Washington.

Section 22 provides that contracts for the sale and delivery of power for periods extending beyond the termination date of a license may be entered into upon the joint approval of the Commission and the appropriate state public service commission or other similar authority in the state in which the sale or delivery of power is made. Pend Oreille states in its application that Commission approval of the power sales contract is in the public interest because the contract permitted Pend Oreille to finance the construction of the project when it did not have the necessary credit rating to do so independently.

In determining the appropriate action to take, the Commission will consider all protests and other comments, but only those who file a motion to intervene may become a party to the proceeding. Comments, protests, or motions to intervene must be filed by [the 30th day following publication of this notice in the **Federal Register**]; must bear in all capital letters the title "COMMENTS," "PROTEST," or "MOTION TO INTERVENE," as applicable, and "Project No. 2042."
