National Park Service

Notice of Inventory Completion for Native American Human Remains from Washington State in the Possession of the Yale Peabody Museum of Natural History, New Haven, CT

AGENCY: National Park Service

ACTION: Notice

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003 (d), of the completion of an inventory of human remains from Washington State in the possession of the Yale Peabody Museum of Natural History, New Haven, CT.

A detailed assessment of the human remains was made by Yale Peabody Museum professional staff in consultation with representatives of the Jamestown Band of S'Klallam Indians.

In 1873, human remains representing three individuals were donated to the Yale Peabody Museum of Natural History by Dr. T.T. Minor. These human remains were recovered near Port Townsend, WA. No known individuals were identified. No associated funerary objects are present.

Based on cranial deformation, these individuals have been determined to be Native American. No diagnostic artifacts that would indicate the antiquity of these remains exist in the Peabody Museum's collections. No information about the circumstances of recovery of these remains or the nature of their interment exists in the Peabody Museum's records. Consultation evidence provided by representatives of the Jamestown Band of S'Klallam Indians indicates that the Port Townsend, WA area is within the traditional territory of the Jamestown Band of S'Klallam Indians.

Based on the above mentioned information, officials of the Yale Peabody Museum of Natural History have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical

remains of three individuals of Native American ancestry. Lastly, officials of the Yale Peabody Museum of Natural History have determined that, pursuant to 25 U.S.C. 3001 (2), there is a relationship of shared group identity which can be reasonably traced between these Native American human remains and the Jamestown Band of S'Klallam Indians.

This notice has been sent to officials of the Jamestown Band of S'Klallam Indians, the Port Gamble Indian Community of the Port Gamble Reservation, the Makah Indian Tribe of the Makah Reservation, the Swinomish Indians of the Swinomish Reservation, and the Tulalip Tribes of the Tulalip Reservation. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains should contact Dr. Richard Burger, Director, Yale Peabody Museum of Natural History, 170 Whitney Avenue, P.O. Box 208118, New Haven, CT 06520-8118; telephone: (203) 432-3752, before January 2, 1998.

Repatriation of the human remains to the Jamestown Band of S'Klallam Indians may begin after that date if no additional claimants come forward.

The National Park Service is not responsible for the determinations within this notice.

Dated: November 19, 1997.

Manager, Archeology and Ethnography
Program.*

INTERNATIONAL TRADE COMMISSION

[Investigations Nos. 701-TA-368-371 (Final)]

Certain Steel Wire Rod From Canada, Germany, Trinidad and Tobago, and Venezuela

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission determines, pursuant to section 705(b) of the Tariff Act of 1930 (19 U.S.C. § 1671d(b)) (the Act), that an industry in the United States is not materially injured or threatened with material injury, and the establishment of an industry in the United States is not materially retarded, by reason of

¹The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR § 207.2(f)).

imports from Canada, Trinidad and Tobago, and Venezuela of certain steel wire rod, provided for in subheadings 7213.91.30, 7213.91.45, 7213.91.60, 7213.99.00, 7227.20.00, and 7227.90.60 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce to be subsidized by the respective governments of these countries.² The Commission also determines pursuant to the Act that subsidized imports from Germany are negligible, and its investigation of such imports is thereby terminated (19 U.S.C. § 1671d(b)(1)).

Background

The Commission instituted these investigations effective February 26, 1997, following receipt of a petition filed with the Commission and the Department of Commerce by Connecticut Steel Corp., Wallingford, CT; Co-Steel Raritan, Perth Amboy, NJ; GS Industries, Inc., Georgetown, SC; Keystone Steel & Wire Co., Peoria, IL; North Star Steel Texas, Inc., Beaumont, TX; and Northwestern Steel & Wire, Sterling, IL. The final phase of the investigations was scheduled by the Commission following notification of preliminary determinations by the Department of Commerce that imports of certain steel wire rod from Canada, Germany, Trinidad and Tobago, and Venezuela were being subsidized within the meaning of section 703(b) of the Act (19 U.S.C. § 1671b(b)). Notice of the scheduling of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of August 20, 1997 (62 FR 44288). The hearing was held in Washington, DC, on October 16, 1997, and all persons who requested the opportunity were permitted to appear in person or by counsel.

On October 22, 1997, the Department of Commerce ("Commerce") published notice in the **Federal Register** of the suspensions of its countervailing duty investigations on steel wire rod from Trinidad and Tobago (62 FR 54960) and Venezuela (62 FR 54966) based on agreements it concluded with these countries; however, at the same time Commerce indicated that it was continuing its investigations, pursuant to requests by petitioners. Accordingly, the Commission determined to continue its investigations.

²Commissioner Crawford dissenting with respect to Canada and Venezuela.
