Alaska Village Electric Corporation; Notice of Alaska Village Electric Corporation's Request To Use Alternative Procedures in Filing a License Application

January 8, 1998.

The preliminary permit holder, Alaska Village Electric Corporation (AVEC), has asked to use an alternative procedure in filing an application for original license for the proposed Old Harbor Hydroelectric Project No. 11561.¹ AVEC has demonstrated that they have made an effort to contact all resource agencies, Indian Tribes, nongovernmental organizations (NGOs), and others affected by their proposal, and that a consensus exists that the use

of an alternative procedure is appropriate in this case. AVEC has also submitted a communication protocol that is supported by most interested entities.

The purpose of this notice is to invite any additional comments on AVEC's request to use the alternative procedure, as required under the final rule for Regulations for the Licensing of Hydroelectric Projects.² Additional notices seeking comments on the specific project proposal, interventions and protests, and recommended terms and conditions will be issued at a later date.

The alternative procedure being requested here combines the pre-filing consultation process with the environmental review process, allowing the applicant to complete and file an Environmental Assessment (EA) in lieu of Exhibit E of the license application. This differs from the traditional process, in which the applicant consults with agencies, Indian tribes, and NGOs during preparation of the application for the license and before filing it, but the Commission staff performs the environmental review after the application is filed. The alternative procedure is intended to simplify and expedite the licensing process by combining the pre-filing consultation and environmental review processes into a single process, to facilitate greater participation, and to improve communication and cooperation among the participants.

Applicant Prepared EA Process and Old Harbor Project Schedule

On November 13, 1997, AVEC distributed an Initial Stage Consultation Document for the proposed project to state and federal resource agencies, Indian tribes, and NGOs. AVEC scheduled a consultation meeting and site visit for all interested parties on December 15 and 16, 1997, respectively, to solicit study requests from participants. Notices announcing the meeting and site visit were published locally, as required by Commission regulations.

Public scoping meetings are planned for Spring 1998. Based on study requests from the December 15, 1997, meeting, study plans would be developed early in 1998. Studies would be conducted during spring, summer, and fall 1998, as needed. The application, including the applicant-prepared EA, would be filed with the Commission on or before March 11, 1999, the expiration date of AVEC's preliminary permit.

² 81 FERC ¶ 61,103 (1997).

Comments

Interested parties have 30 days from the date of this notice to file with the Commission, any comments on AVEC's proposal to use the alternative procedures to file an application for the Old Harbor Hydroelectric Project.

Filing Requirements

The comments must be filed by providing an original and 8 copies as required by the Commission's regulations to: Federal Energy Regulatory Commission, Office of the Secretary, Dockets—Room 1A, 888 First Street, NE, Washington, DC 20426.

All comment filings must bear the heading "Comments on the Alternative Procedure," and include the project name and number (Old Harbor Hydroelectric Project, No. 11561).

[Docket No. RP97-406-006]

CNG Transmission Corporation; Notice of Tariff Motion Filing

January 8, 1998.

Take notice that on January 6, 1998, CNG Transmission Corporation (CNG), tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following tariff sheet:

Sub. First Revised Sheet No. 37A

CNG requests an effective date of January 1, 1998 for its revised tariff sheet.

CNG states that the purpose of this filing is to move into effect a single tariff sheet that was among those filed by CNG on July 1, 1997 in the above-referenced proceeding. CNG inadvertently omitted Sheet No. 37A from its December 31, 1997 and January 5, 1998 compliance and motion tariff filings in the instant docket. Therefore, CNG requests a limited waiver of § 154.206(b) of the Commission's regulations, so that its tariff sheet may become effective as proposed.

CNG states that copies of its letter of transmittal and enclosures are being mailed to its customers and interested state commissions.

Any person desiring to protest this filing should file a protest with the

Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC, 20426, in accordance with § 385.211 of the Commission's Rules and Regulations. All such protests must be filed in accordance with § 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate section to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

CNG Transmission Corporation; Notice of Compliance and Tariff Motion Filing

January 8, 1998.

Take notice that on January 5, 1998, CNG Transmission Corporation (CNG), tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the revised tariff sheets listed on Appendices A and B to its transmittal letter.

CNG requests an effective date of January 1, 1998 for its revised tariff sheets. CNG requests a limited waiver of Section 154.207 of the Commission's regulations, so that its tariff sheets may become effective as proposed.

CNG states that the purpose of this filing is to comply with the Technical Conference Order, as well as certain aspects of the Commission's July 31, 1997 Suspension Order in this proceeding, and to move into effect the tariff revisions proposed by CNG in its filing on July 1, 1997. CNG's tariff sheets reflect the elimination of CNG's proposed exit fee, stranded gathering plant surcharge, and market-based rate proposals, as required by the Suspension Order. CNG has also removed or modified aspects of its tariff revision proposals as directed by the Technical Conference Order. These revisions are more fully described below. The remaining tariff sheets reflect components of CNG's July 1, 1997, filing that have survived the Commission's orders, and those aspects that are of a purely ministerial nature.

CNG states that copies of its letter of transmittal and enclosures are being

mailed to all active parties to the captioned proceeding.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC, 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
