SUPPLEMENTARY INFORMATION:**I. Abstract**

The Departments of Commerce and Treasury are required to determine whether nonprofit institutions established for scientific or educational purposes are entitled to duty-free entry under the Florence Agreement of scientific instruments they import. Form ITA-338P enables (1) Treasury to determine whether the statutory eligibility requirements for the institution and the instrument are fulfilled, and (2) Commerce to make a comparison and finding as to the scientific equivalency of comparable instruments being manufactured in the United States. Without the collection of the information, Treasury and Commerce would not have the necessary information to carry out the responsibilities of determining eligibility for duty-free entry assigned by law.

II. Method of Collection

The Department of Commerce distributes Form ITA-338P to potential applicants upon request. The applicant completes the form and then forwards it to the United States Customs Service. Upon acceptance by Customs as a valid application, the application is transmitted to Commerce for processing.
