

determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceedings. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

A person obtaining intervenor status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by every one of the intervenors. An intervenor can file for rehearing of any Commission order and can petition for court review of any such order.

However, an intervenor must submit copies of comments or any other filing it makes with the Commission to every other intervenor in the proceeding, as well as 14 copies with the Commission.

A person does not have to intervene, however, in order to have comments considered. A person, instead, may submit two copies of comments to the Secretary of the Commission.

Commenters will be placed on the Commission's environmental mailing list, will receive copies of environmental documents and will be able to participate in meetings associated with the Commission's environmental review process.

Commenters will not be required to serve copies of filed documents on all other parties. However, commenters will not receive copies of all documents filed by other parties or issued by the Commission and will not have the right to seek rehearing or appeal the Commission's final order to a federal court.

The Commission will consider all comments and concerns equally, whether filed by commenters or those requesting intervenor status.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission Sections 7 and 15 of the Natural Gas Act and Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be

unnecessary for Midcoast to appear or be represented at the hearing.

### Federal Energy Regulatory Commission

[Docket Nos. EC96-19-014 and ER96-1663-015]

#### Pacific Gas and Electric Company, San Diego Gas & Electric Company, and Southern California Edison Company; Notice of Filing

February 27, 1998.

Take notice that on February 19, 1998, the California Independent System Operator Corporation (ISO), filed for Commission acceptance in this docket, pursuant to Section 205 of the Federal Power Act, an application to amend the ISO Tariff and Settlement and Billing Protocol and a motion for waiver of the 60-day notice requirement. The ISO requests that the proposed ISO Tariff and Settlement and Billing Protocol amendments be made effective as of the ISO Operations Date.

The ISO states that the proposed ISO Tariff and ISO Settlement and billing Protocol amendments would revise the allocation of voltage Support and Black Start services costs, revise Appendix F to the Settlement and billing Protocol regarding the disbursement of Wheeling Revenues and correct an inadvertent change that was made in a previous filing on the equation for the calculation of import deviations at Scheduling Points, which is used in the calculation of the Imbalance Energy Charge. The ISO states that the proposed ISO Tariff and ISO Settlement and Billing Protocol amendments are necessary for the initial operations of the ISO.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before March 12, 1998. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the

Commission and are available for public inspection.
