Bureau of Export Administration

President's Export Council Subcommittee on Export Administration; Notice of Recruitment of Private-Sector Members

SUMMARY: The President's Export Council Subcommittee on Export Administration (PECSEA) advises the U.S. Government on matters and issues pertinent to implementation of the

provisions of the Export Administration Act and the Export Administration Regulations, as amended, and related statutes and regulations. These issues relate to U.S. export controls as mandated by law for national security, foreign policy, non-proliferation, and short supply reasons. The PECSEA draws on the expertise of its members to provide advice and make recommendations on ways to minimize the possible adverse impact export controls may have on U.S. industry. The PECSEA provides the Government with direct input from representatives of the broad range of industries that are directly affected by export controls.

The PECSEA is composed of high-level industry and Government members representing diverse points of view on the concerns of the business community. PECSEA industry representatives are selected from firms producing a broad range of goods, technologies, and software presently controlled for national security, foreign policy, non-proliferation, and short supply reasons or that are proposed for such controls, balanced to the extent possible among large and small firms.

PECSEA members are appointed by the Secretary of Commerce and serve at the Secretary's discretion. The membership reflects the Department's commitment to attaining balance and diversity. PECSEA members must obtain secret-level clearance prior to appointment. These clearance are necessary so that members can be permitted access to relevant classified information needed in formulating recommendations to the President and the U.S. Government. The PECSEA meets 4 to 6 times per year. Members of the Subcommittee will not be compensated for their services. The PECSEA is seeking approximately eight private-sector members with senior export control expertise and direct experience in one or more of the following industries: machine tools, semiconductors, commercial communication satellites, high performance computers, telecommunications, aircraft, pharmaceuticals, and chemicals. Please send a fact sheet on your company that details your activity in the areas listed above, as well as a short biographical sketch on the individual who wishes to become a candidate. SUPPLEMENTARY INFORMATION:

I. Abstract

Congress, when it enacted legislation to implement the Nairobi Protocol to the Florence Agreement, included a provision for the Departments of Commerce and Treasury to collect information on the import of articles for the handicapped. Form ITA-362P, Information on Articles for Physically or Mentally Handicapped Persons Imported Free of Duty, is the vehicle by which statistical information is obtained to assess whether the duty-free treatment of articles for the handicapped has had a significant adverse impact on a domestic industry (or portion thereof) manufacturing or

producing a like or directly competitive article. Without the collection of data, it would be almost impossible for a sound determination to be made and for the President to appropriately redress the situation.

II. Method of Data Collection

The Department of Commerce and the U.S. Customs Service have copies of Form ITA-362P and distributes the form to importers and brokers upon request. The importer or its broker normally completes the form, which is included in the Customs entry package. Forms are then forwarded by Customs officials or brokers to the Department of Commerce, which keeps the statistical records.

III. Data

OMB Number: 0625-0118.

Form Number: ITA-362P.

Type of Review: Revision-Regular Submission.

Affected Public: Commercial, non-commercial, and individual importers of articles for the handicapped who wish to receive duty-free entry into the U.S.

Estimated Number of Respondents: 380.

Estimated Time Per Response: 4 minutes.

Estimated Total Annual Burden Hours: 304 hours.

Estimated Total Annual Costs: The estimated annual cost for this collection is \$14,240.00 (\$3,040.00 for respondents and \$11,200.00 for federal government).

IV. Request for Comments

Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and costs) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or forms of information technology. Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: March 5, 1998.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Preliminary Results of the Antidumping Duty Administrative Review; Aramid Fiber Formed of Poly Para-Phenylene Terephthalamide from the Netherlands.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on aramid fiber formed of poly para-phenylene terephthalamide (PPD-T aramid) from the Netherlands in response to requests by respondent, Akzo Nobel Aramid Products, Inc. and Aramid Products V.o.F. (Akzo) and petitioner, E.I. DuPont de Nemours and Company. This review covers sales of this merchandise to the United States during the period June 1, 1996, through May 31, 1997, by Akzo. The results of the review indicate the existence of dumping margins for the above period.

We invite interested parties to comment on these preliminary results. Parties who submit arguments are requested to submit with the argument (1) a statement of the issue and (2) a brief summary of the argument.

EFFECTIVE DATE: March 9, 1998.

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (the Act) by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department's regulations are to 19 CFR part 353 (1997).

SUPPLEMENTARY INFORMATION:

Background

The Department published in the **Federal Register** the antidumping duty

order on PPD-T aramid from the Netherlands on June 24, 1994 (59 FR 32678). On June 11, 1997, we published in the **Federal Register** (62 FR 31786) a notice of opportunity to request an administrative review of the antidumping duty order on PPD-T aramid from the Netherlands covering the period June 1, 1996, through May 31, 1997.

In accordance with 19 CFR 353.22(a)(1), Akzo and petitioner requested that we conduct an administrative review for the aforementioned period. On August 1, 1997, the Department published a notice of "Initiation of Antidumping Review" (62 FR 41339). The Department is now conducting this administrative review pursuant to section 751 of the Act.

Scope of Review

The products covered by this review are all forms of PPD-T aramid from the Netherlands. These consist of PPD-T aramid in the form of filament yarn (including single and corded), staple fiber, pulp (wet or dry), spun-laced and spun-bonded nonwovens, chopped fiber, and floc. Tire cord is excluded from the class or kind of merchandise under review. This merchandise is currently classifiable under the Harmonized Tariff Schedule (HTS) item numbers 5402.10.3020, 5402.10.3040, 5402.10.6000, 5503.10.1000, 5503.10.9000, 5601.30.0000, and 5603.00.9000. The HTS item numbers are provided for convenience and Customs purposes. The written description of the scope remains dispositive.

Verification

As provided in section 782(i) of the Act, we verified information provided by the respondent, using standard verification procedures, including on-site inspection of the manufacturer's facilities, the examination of relevant sales and financial records, and selection of original documentation containing relevant information. Our verification results are outlined in public versions of the verification reports, available to the public in Room B-099 of the H.C. Hoover Building (the main Commerce Building).

Transactions Reviewed

In accordance with section 751 of the Act, the Department is required to determine the normal value (NV) and export price (EP) or constructed export price (CEP) of each entry of subject merchandise. See Section 751(a)(2)(A). Because there can be a significant lag between entry date and sale date for CEP sales, it has been the Department's
