DEPARTMENT OF HEALTH AND HUMAN SERVICES

Indian Health Service

Request for Public Comment: 60-day Proposed Collection: Indian Health Service Medical Staff Credentials and Privileges File

SUMMARY: In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, to provide a 60-day advance opportunity for public comment on proposed information collection projects, the Indian Health Service (IHS) is publishing for comment a summary of a proposed information collection to be submitted to the Office of Management and Budget (OMB) for review.

PROPOSED COLLECTION: Title: 09-17-0009, "Indian Health Service Medical Staff Credentials and Privileges File". Type of Information Collection Request: Revision of currently approved information collection, 09-17-0009, "Indian Health Service Medical Staff Credentials and Privileges File" which expires July 31, 1998. Form Number: Instructions and information collection formats are contained in IHS Circular No. 93-2, "Credentials and Privileges Review Process for the Medical Staff." Need and Use of Information Collection: The IHS operates health care facilities that provide health care services to American Indians and Alaska Natives. To provide these services, the IHS employs (directly and under contract) several categories of health care providers including: physicians (M.D. and D.O.), dentists, psychologist, optometrists, podiatrists, audiologist; and in some states, physician assistants, certified registered nurse anesthetists, nurse practitioners, and certified nurse midwives. IHS policy specifically requires physicians and dentists to be members of the health care facility medical staff where they practice. Health care providers become medical staff members, depending on the local health care facility's capabilities and medical staff bylaws. There are three types of IHS medical staff applicants: (1) Health care provider applying for direct employment with IHS; (2) contract health care providers who will not seek to become IHS employees; and, (3) employed IHS health care providers who seek to transfer between IHS health care facilities.

National health care standards developed by the Health Care Financing Administration (HCFA) and by the JCAHO require health care facilities to review, evaluate and verify the credentials, training and experience of
