

Specifically, NGT proposes to abandon Line ST-17, composed of approximately 374 feet of 8-inch pipe, in the W.C. Gray Survey A-245 in Panola County, Texas. NGT says this line was constructed in 1982 and certificated in Docket No. CP91-400, to receive gas supply from the discharge side of the Champlin Compressor Station and deliver it through an interconnection with Texas Gas Transmission Corporation. NGT indicates that as a result of changes in its business, this interconnection is no longer needed and has not been utilized for an extensive period.

NGT plans to abandon Line ST-17, in its entirety, along with an 8-inch dual meter run, 6-inch dual regulatory, and above ground appurtenant equipment. NGT relates that it will reclaim a 63 foot segment of ST-17 starting at the yard piping in the Champlin Compressor Station yard and abandon in place the remaining 311 feet of pipe. NGT says the 63 feet of pipe will be junked and the cost to reclaim this pipe is estimated to be \$2,370.

Any person desiring to be heard or to make any protest with reference to said application should on or before May 28, 1998, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party in any proceeding herein must file a motion to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for NGT to appear or to be represented at the hearing.
