

the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Application Comments

Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for a park site.

Any adverse comments will be reviewed by the State Director.

In the absence of any adverse comments, the classification of the land described in this Notice will become effective 60 days from the date of publication in the **Federal Register**. The lands will not be offered for lease/conveyance until after the classification becomes effective.

Dated: June 8, 1998.

Rex Wells,

Assistant Field Office Manager, Las Vegas, NV.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[MT-926-08-1420-00]

Montana: Filing of Plat of Survey

AGENCY: Bureau of Land Management, Montana State Office, Interior.

ACTION: Notice.

SUMMARY: The plat of survey of the following described land is scheduled to be officially filed in the Montana State Office, Billings, Montana, thirty (30) days from the date of this publication.

Black Hills Meridian, South Dakota

T. 5 S., R. 9 E.

The plat, in three sheets, representing the dependent resurvey of a portion of the south boundary, a portion of the subdivisional lines, and the adjusted original meanders of the left and right banks of the South Fork of the Cheyenne River through sections 22, 27, 28, and 33, and the subdivision of sections 27, 28, and 33, and the survey of the last thread, the medial line, and certain partition lines of the abandoned channel of the South Fork of the Cheyenne River in sections 28 and 33, and a division of accretion line in section 27, and the new

meanders of a portion of the left and right banks of the South Fork of the Cheyenne River through sections 22, 27, 28, and 33, Township 5 South, Range 9 East, Black Hills Meridian, South Dakota, was accepted May 29, 1998.

This survey was executed at the request of the U.S. Forest Service, Custer National Forest, and was necessary to identify lands administered by the U.S. Forest Service.

A copy of the preceding described plat will be immediately placed in the open files and will be available to the public as a matter of information.

If a protest against this survey, as shown on this plat, is received prior to the date of the official filing, the filing will be stayed pending consideration of the protest. This particular plat will not be officially filed until the day after all protests have been accepted or dismissed and become final or appeals from the dismissal affirmed.

FOR FURTHER INFORMATION CONTACT: Bureau of Land Management, 222 North 32nd Street, P.O. Box 36800, Billings, Montana 59107-6800.

Dated: June 4, 1998.

Steven G. Schey,

Acting Chief Cadastral Surveyor, Division of Resources.

BILLING CODE 4310-70-P

DEPARTMENT OF THE INTERIOR**National Park Service**

**Notice of Inventory Completion for
Native American Human Remains from
Missouri and Florida in the Possession
of the U.S. Fish & Wildlife Service,
Valley Stream, NY**

AGENCY: National Park Service, Interior.

ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains from Missouri and Florida in the possession of the U.S. Fish & Wildlife Service, Valley Stream, NY.

A detailed assessment of the human remains was made by U.S. Fish & Wildlife professional staff in consultation with representatives of Peoria Tribe of Indians of Oklahoma and the Seminole Tribe of Florida.

On March 16, 1998, Mr. William Stevens, owner of the Evolution: Natural History in New York City, pled guilty to selling Native American human remains under 53 U.S.C. 18 Sec. 1170. Since September 16, 1997, the following Native American human remains have been in the possession and control of the U.S. Fish and Wildlife Service as a result of the investigation and seizures

from Evolution: Natural History and Mr. Stevens.

At an unknown date, human remains representing two individuals were taken from Caruthersville, MO by person(s) unknown and delivered into Mr. William Stevens' possession under unknown circumstances. No known individuals were identified. No associated funerary objects are present.

At an unknown date, human remains representing one individual were taken from Pemiscot County, MO by person(s) unknown and delivered into Mr. William Stevens' possession under unknown circumstances. No known individuals were identified. No associated funerary objects are present.

Based on cranial morphology, these human remains have been identified as Native American. Although information obtained during the seizure of these human remains indicates a date range of 500 A.D. to 1400 A.D., the apparent age of the remains is estimated at "several hundred years" based on expert evaluation of these remains. Within the last several hundred years, village sites within Pemiscot County, Missouri have been occupied by bands of the Illinois Confederacy into the protohistoric period. The present-day descendent of the Illinois Confederacy is the Peoria Tribe of Indians of Oklahoma.

Based on the above mentioned information, officials of the U.S. Fish & Wildlife Service have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of three individuals of Native American ancestry. Officials of the U.S. Fish & Wildlife Service have determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity which can be reasonably traced between these Native American human remains and the Peoria Tribe of Indians of Oklahoma.

At an unknown date, human remains representing a minimum of seven individuals were removed from Florida by person(s) unknown and delivered into Mr. William Stevens' possession under unknown circumstances. No known individuals were identified. No associated funerary objects are present.

Based on cranial morphology, these human remains have been identified as Native American. The apparent age of the remains is estimated at "several hundred years" based on expert evaluation of these remains.

Based on the above mentioned information, officials of the U.S. Fish & Wildlife Service have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of a minimum of

seven individuals of Native American ancestry. Officials of the U.S. Fish & Wildlife Service have determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity which can be reasonably traced between these Native American human remains and the Seminole Tribe of Florida.

This notice has been sent to officials of the Peoria Tribe of Indians of Oklahoma, the Seminole Tribe of Florida, and the Seminole Nation of Oklahoma. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains should contact Mr. Edward Grace, U.S. Fish & Wildlife Service, 70 E. Sunrise Highway, Suite 419, Valley Stream, NY 11581; telephone: (516) 825-3950 ext. 232, before July 15, 1998. Repatriation of the human remains to the Peoria Tribe of Indians of Oklahoma and the Seminole Tribe of Florida may begin after that date if no additional claimants come forward.

The National Park Service is not responsible for the determinations within this notice.

Dated: June 9, 1998.

Francis P. McManamon,

*Departmental Consulting Archeologist,
Manager, Archeology and Ethnography
Program.*

BILLING CODE 4310-70-F

DEPARTMENT OF THE INTERIOR**National Park Service**

**Notice of Intent to Repatriate Cultural
Items from Arizona in the Possession
of the Museum of Indian Arts and
Cultures/Laboratory of Anthropology,
Museum of New Mexico, Santa Fe, NM**

AGENCY: National Park Service

ACTION: Notice

Notice is hereby given under the Native American Graves Protection and Repatriation Act, 43 CFR 10.10 (a)(3), of the intent to repatriate cultural items in the possession of the Museum of Indian Arts and Culture/Laboratory of Anthropology, Museum of New Mexico, Santa Fe, NM which meet the definition of "object of cultural patrimony" under Section 2 of the Act.

The 15 cultural items consist of five Apache *gaan* masks constructed of painted wood, cloth, and feathers; nine associated painted wood wands; and one associated bull roarer constructed of wood and leather.

Prior to 1935, Grenville Goodwin acquired these 15 cultural items on the San Carlos Apache Reservation. In 1935,
