SUPPLEMENTARY INFORMATION:

I. Abstract

In 1999 the American Community Survey (ACS) will be conducted in 53 counties. Data from the ACS will determine the feasibility of a continuous measurement system that provides socioeconomic data on a continual basis throughout the decade. The Census Bureau must provide a sample of persons residing in Group Quarters (GQs) the opportunity to be interviewed for the ACS. GQs include places such as student dorms, correctional facilities, hospitals, nursing homes, shelters, and military quarters. Obtaining characteristic information from the GQs will ensure that we include the necessary people residing at GQs in the 1999 ACS.

A GQ screening operation is being conducted in conjunction with 1998 ACS activities. This request revises the existing GQ clearance for use in the 1999 ACS. Major changes are in the estimated number of respondents and in the estimated time per response. In 1998 we are screening a sample of the GQs in eight counties. In 1999 we will screen a sample of the GQs in 53 counties. After completing one-third of the 1998 screening, we have learned that screening averages about 20 minutes per response instead of 10 minutes as originally estimated. In 1999 we will use the same questionnaire for screening that we are using in 1998, Form ACS-2(GQ), ACS GQ Screening.

We will telephone a sample of GQs in the 53 counties where the 1999 ACS will be conducted. We will verify/update information such as GQ name, address, type, and phone number. We will screen to determine if the residents stay for less than 30 days and have another place to live. If so, the GQ will be classified as out-of-scope for ACS interviewing. If the GQ is in-scope, we will screen to determine if we can complete ACS interviews of the GQ residents by mail, thus saving the expense of personal visits. We will obtain a list of rooms and/or residents from which we can select a sample. All

ACS interviewing will be conducted under OMB clearance number 0607-0810.

II. Method of Collection

Telephone interviews will be conducted from Census Bureau's National Processing Center in Jeffersonville, Indiana.
