Background

On July 10, 1973, the Department of the Treasury issued an antidumping duty order on imports of synthetic methionine from Japan (38 FR 18382). The Commission recommended that the order be modified to exclude synthetic L-methionine from Japan, pursuant to its review determination in Synthetic L-Methionine from Japan, Inv. No. 751-TA-4, USITC Pub. 1167 (July 1981). The Commission is conducting a review to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time.

Definitions

The following definitions apply to this review:

(2) The Subject Country in this review is Japan.

DEPARTMENT OF JUSTICE

Antitrust Division

Proposed Final Judgment and Competitive Impact Statement; *United States v. City of Stilwell, OK, et al.*

Notice is hereby given pursuant to the Antitrust Procedures and Penalties Act, 15 U.S.C. 16(b)-(h), that a proposed Final Judgment, Stipulation, and Competitive Impact Statement have been filed with the United States District Court for the Eastern District of Oklahoma in *United States v. City of Stilwell, Oklahoma, et al.*, CIV 96-196B. The proposed Final Judgment is subject to approval by the Court after the expiration of the statutory sixty-day public comment period and compliance with the Antitrust Procedures and Penalties Act, 15 U.S.C. 16(b)-(h).

On April 25, 1996, the United States filed a civil antitrust complaint under Section 4 of the Sherman Act, as amended, 15 U.S.C. 4, alleging that defendants City of Stilwell, Oklahoma and the Stilwell Area Development Authority adopted and enforced a policy by which defendants, the sole suppliers of public water and sewer services to customers within Stilwell city limits, refused to provide water or sewer services to those unless they agreed to purchase electric service from the City's Utility Department. The complaint alleged that this "all-or-none" utility policy violated Sections 1 and 2 of the Sherman Act, 15 U.S.C. 1 and 2, and sought a judgment by the Court declaring the defendants' policy to be an unlawful restraint of trade. The complaint also sought an order by the Court to enjoin the defendants from requiring any consumer of electricity to purchase retail electric service from the City as a condition of receiving water and sewer service, or otherwise discriminating against any customer that purchases or may purchase electric service elsewhere.

The United States and defendants have stipulated that the proposed Final Judgment may be entered after compliance with the APPA, unless the United States withdraws its consent. The Court's entry of the proposed Final Judgment will terminate this civil action against the defendants, except that the Court will retain jurisdiction over the matter for possible further proceedings to construe, modify, terminate or enforce the judgment, or to punish violations of any of its provisions.

The proposed Final Judgment contains three principal forms of relief. First, the defendants are enjoined from requiring any consumer of electricity to
