Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, From the People's Republic of China; Notice of Intent Not To Revoke the Antidumping Duty Order in Part

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of intent not to revoke the antidumping duty order in part.

SUMMARY: This notice serves as a supplement to the Department of Commerce's July 10, 1998, notice of preliminary results of administrative review and new shipper review of

tapered roller bearings and parts thereof, finished and unfinished, from the People's Republic of China (see, 63 FR 37339). In those preliminary results of review, we neglected to include our decision as to whether there is a reasonable basis to believe that the requirements for revocation have been met by Luoyang Bearing Factory. Therefore, we are now publishing our intent not to revoke the order with respect to tapered roller bearings and parts thereof, finished and unfinished, from the People's Republic of China produced and/or exported by Luoyang Bearing Factory. Interested parties are invited to comment on the Department's intent not to revoke the order in part. **EFFECTIVE DATE:** August 5, 1998.

FOR FURTHER INFORMATION CONTACT: Zak Smith, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington DC 20230; telephone (202) 482-1279.

Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, all references to the Department of Commerce's ("the Department's") regulations are to 19 CFR 353 (April 1997).

Background

On May 27, 1987, the Department published in the **Federal Register** (52 FR 19748) the antidumping duty order on tapered roller bearings and parts thereof, finished and unfinished

("TRBs"), from the People's Republic of China ("PRC"). The Department notified interested parties of the opportunity to request an administrative review of this order on June 11, 1997 (62 FR 31786). One of the respondents, Luoyang Bearing Factory ("Luoyang"), requested a review and that the Department revoke the antidumping duty order in part. The request was received on June 30, 1997. In accordance with 19 CFR 353.22(c) and 353.25(c), we published a notice of initiation of antidumping duty administrative review and request for revocation of the order in part on August 1, 1997 (62 FR 41339). On July 10, 1998, the Department published in the **Federal Register** the preliminary results of review (see, Tapered Roller Bearings and Parts thereof, Finished and Unfinished, From the People's Republic of China; Preliminary Results of 1996-1997 Antidumping Duty Administrative Review and New Shipper Review, 63 FR 37339 (July 10, 1998) ("Preliminary Results").

The Department is conducting this administrative review in accordance with section 751 of the Act.

Scope of Review

Merchandise covered by this review includes TRBs from the PRC; flange, take up cartridge, and hanger units incorporating tapered roller bearings; and tapered roller housings (except pillow blocks) incorporating tapered rollers, with or without spindles, whether or not for automotive use. This merchandise is classifiable under the Harmonized Tariff Schedule of the United States ("HTSUS") item numbers 8482.20.00, 8482.91.00.50, 8482.99.30, 8483.20.40, 8483.20.80, 8483.30.80, 8483.90.20, 8483.90.30, 8483.90.80, 8708.99.80.15, and 8708.99.80.80. Although the HTSUS item numbers are provided for convenience and customs purposes, the written description of the scope of the order and this review is dispositive.

Revocation

Pursuant to 19 CFR 353.25(b), Luoyang requested revocation of the antidumping duty order in part. In accordance with 19 CFR 353.25(b)(1) and (2), the request was accompanied by certifications that Luoyang had not sold the subject merchandise at less than normal value during the current period of review and would not do so in the future. Luoyang also agreed to immediate reinstatement of the antidumping duty order, as long as any exporter or producer is subject to the order, if the Department concludes that Luoyang, subsequent to the revocation,

sold the subject merchandise at less than normal value.

Section 353.25(a)(2) of the Department's regulations states that the Secretary may revoke an order in part if the Secretary concludes that: (i) the exporter or producer has sold the merchandise at not less than normal value for a period of three consecutive years; (ii) it is not likely that the person will in the future sell the merchandise at less than normal value; and (iii) the person agrees in writing to its immediate reinstatement in the order, as long as any producer or reseller is subject to the order, if the Secretary concludes that dumping has resumed. In the preliminary results, Luoyang received a dumping margin of 1.82% on its sales for the period June 1, 1996, through May 30, 1997 (see, Preliminary Results, 37344). If the preliminary results are adopted as final results, Luoyang will not have met the first criterion for revocation. Thus, there is not a reasonable basis to believe that Luoyang has met the requirements for revocation of the antidumping duty order in part. Therefore, we have preliminarily determined not to revoke the antidumping duty order with respect to TRBs from the PRC produced and/or exported by Luoyang.

With respect to the issue of revocation, parties to the proceeding may request a hearing and include this issue in their submission of case briefs and/or rebuttal briefs in accordance with the deadlines established in the preliminary results. The Department will issue a notice of the final results of the administrative review, which will include the results of its analysis of issues raised in any such briefs, within 120 days from the publication of the preliminary results.

This notice is in accordance with sections 751(a)(1) and 771(i)(1) of the Act.

Dated: July 29, 1998.

Acting Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION: The Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.) requires that NMFS develop and implement recovery plans for the conservation and survival of threatened and endangered species under its jurisdiction unless it is determined that such plans will not promote the conservation of the species. The Plan discusses the natural history, current status, and the known and potential human impacts to fin and sei whales.
