[Docket No. RP98-361-000]

Equitrans, L.P.; Notice of Proposed Changes in FERC Gas Tariff

August 4, 1998.

Take notice that on July 31, 1998, Equitrans, L.P. (Equitrans) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the following pro forma tariff sheet, with an effective date of September 1, 1998:

Fifth Revised Sheet No. 10

Equitrans requests that the Commission impose the minimum suspension period for the effectiveness and grant any other waivers necessary to permit a September 1 effective date.

Equitrans states that his filing implements changes in retainage factors applicable to storage, transportation, and gathering service which are intended to reimburse Equitrans in kind for fuel, loss and unaccounted for gas required to provide service to Equitrans' customers. Equitrans maintains that the retainage factors proposed in this filing have been agreed to by Equitrans' customers as part of a comprehensive settlement which has been negotiated in Equitrans' on-going Section 4(e) rate case in Docket No. RP97-346. The settlement documents in that proceeding are currently being finalized, and Equitrans anticipates that a Stipulation and Agreement supported or not opposed by all parties and the Commission Staff will be filed with the presiding Administrative Law Judge in the month of August. However, to give early implementation to a provision of the settlement, Equitrans states that it is proposing to adopt revised retainage factors in its tariff beginning on September 1.

The retainage percentages proposed as part of this filing are 3.25% for transmission, 5.00% for gathering and .65% for storage. Equitrans states that these retainage levels represent an integrated package in the Docket No. RP97-346 settlement, unaccounted for on the Equitrans system which customers are willing to bear. Equitrans submits that Commission approval of this retainage filing in its entirety will satisfy all parties and facilitate the ultimate approval of the overall settlement in Docket No. RP97-346.

Any person desiring to be heard or to protest this filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C.

20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
