DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[ID-030-1430-01]

Notice of Intent To Prepare a Land Use Plan Amendment, Notice of Exchange Proposal

AGENCY: Bureau of Land Management, Department of the Interior.

ACTION: Notice of intent to prepare a land use plan amendment and Notice of exchange proposal.

SUMMARY: Notice of Intent to Prepare a Plan Amendment for the Pocatello Resource Management Plan (RMP), approved January, 1987, and Notice of Land Exchange Proposal.

Pursuant to the regulations found at 43 CFR part 1600, the Pocatello Field Office and Idaho Falls Field Office of the Bureau of Land Management propose to amend the Pocatello Resource Management Plan in order to consider a land exchange proposal involving lands in Caribou County and Fremont County, Idaho. Currently, the Pocatello RMP designates the public lands in Caribou County proposed for exchange as "retention" lands. The

amendment would change this designation from "retention" status to "transfer" status in order for BLM to consider the exchange proposal. The land exchange would be processed pursuant to Section 206 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1716), as amended, and the regulations found at 43 CFR 2200.

SUPPLEMENTARY INFORMATION: The plan amendment is needed to allow the BLM to consider a land exchange proposal submitted by Hartman Ranch LLC, Jerry R. Taft Family Limited Partnership, and John Taft Corporation. The proposal involves exchanging 1,040 acres of public land located in the vicinity of Buck Mountain in Caribou County for approximately 444.7 acres of privately-owned land located on the southwest shore of Henrys Lake in Fremont County. These lands are described as follows:

Offered Private Lands:

T. 15 N., R. 43 E., Boise Meridian
Portion of sections 18 & 19 (described by metes & bounds)

Selected Public Lands:

T. 9 S., R. 46 E., Boise Meridian
Sec. 3: SW $\frac{1}{4}$ NW $\frac{1}{4}$, W $\frac{1}{2}$ SW $\frac{1}{4}$,
Sec. 4: S $\frac{1}{2}$,
Sec. 9: N $\frac{1}{2}$ N $\frac{1}{2}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$,
S $\frac{1}{2}$ SE $\frac{1}{4}$,
Sec. 10: NW $\frac{1}{4}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, S $\frac{1}{2}$ NE $\frac{1}{4}$,
Sec. 22: E $\frac{1}{2}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$.

Subject to valid existing rights, the public land identified above has been segregated from appropriation under the public land laws and mineral laws for a period of five years beginning March 4, 1997.

The following resources will be considered in preparation of the land use plan amendment: lands, wildlife, recreation, wilderness, range, minerals, cultural resources, watershed/soils, threatened/endangered species, and hazardous materials. Staff specialists representing each resource will make up the planning team. Planning criteria to be considered will be the same as discussed in the original RMP document (page 39). Tentative planning issues include: (1) the proposed change in land ownership; (2) impacts on county tax revenues. The public is invited to submit other issues. This action is not expected to be controversial.

Comments regarding the proposed plan amendment and land exchange must be received within 45 days of publication of this notice in the **Federal Register**.

ADDRESSES: Written comments should be sent to Joe Kraayenbrink, Area Manager, Medicine Lodge Resource

Area, 1405 Hollipark Drive, Idaho Falls, Idaho 83401.

FOR FURTHER INFORMATION CONTACT: Bruce Bash, Realty Specialist, at the above address or telephone (208) 524-7521.

No public meetings are scheduled. Current land use planning documents are available at the Idaho Falls Field Office. Office hours are 7:45 a.m. to 4:30 p.m., Monday through Friday except holidays.

Dated: August 4, 1998.

Joe Kraayenbrink,

Area Manager, Medicine Lodge Resource Area.

Minerals Management Service

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of revision of a currently approved information collection.

SUMMARY: As part of its continuing effort to reduce paperwork and respondent burden, we invite the public and other Federal agencies to comment on a proposal to revise the previously approved collection of information discussed below. The Paperwork Reduction Act of 1995 (PRA) provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number.

DATES: Submit written comments by October 19, 1998.

ADDRESSES: Direct all written comments to the Rules Processing Team, Minerals Management Service, Mail Stop 4024, 381 Elden Street, Herndon, Virginia 20170-4817.

FOR FURTHER INFORMATION CONTACT: Alexis London, Rules Processing Team, telephone (703) 787-1600. You may also contact Alexis London to obtain a copy of the proposed collection of information at no cost.

SUPPLEMENTARY INFORMATION:

Title: Form MMS-131, Performance Measures for OCS Operators.

OMB Control Number: 1010-0112.

Abstract: The Outer Continental Shelf Lands Act (OCSLA), at 43 U.S.C. 1331 *et seq.*, requires the Secretary of the Interior to preserve, protect, and

develop oil and gas resources on the Outer Continental Shelf (OCS); make such resources available to meet the Nation's energy needs as rapidly as possible; balance orderly energy resource development with protection of the human, marine, and coastal environment; ensure the public a fair and equitable return on the resources offshore; and preserve and maintain free enterprise competition.

In a collaborative effort with representatives of 17 oil and gas companies, representatives of five trade associations (American Petroleum Institute, Offshore Operators Committee, International Petroleum Association of America, International Association of Drilling Contractors, and National Ocean Industries Association), and the Coast Guard, we developed a set of performance measures intended to (1) determine if OCS safety and environmental performance is improving over time through the implementation of the Safety and Environmental Management Program (SEMP) on the OCS, (2) provide an industry average and range for various quantitative measures against which companies can compare themselves, (3) give us assurance that an operator's safety and environmental performance is improving, and (4) provide comparison data on which companies with good performance can base their requests for MMS approval of alternative approaches to compliance with its regulatory objectives. Like the implementation of SEMF, participation in the performance measures effort is voluntary.

However, the quality of the information that we garner from analysis of the data depends on the widespread support of this effort.

Based upon our experience this first year, and the comments and suggestions from respondents, we propose to revise Form MMS-131 to remove certain data elements that require OCS operators to perform calculations that we can easily do. The only proposed substantive revision is to revise the form to clarify that respondents report all permit violations under a National Pollutant Discharge Elimination System permit issued by the Environmental Protection Agency. This data element was previously, and erroneously, restricted to permit exceedences. Exceedences are a subcategory of non-compliances but information for both categories is obtained from the same source—the operator's monthly Discharge Monitoring Report.

The data elements on the revised form are:
