POSTAL SERVICE

39 CFR Part 20

Global Direct—Canada Admail Service

AGENCY: Postal Service.

ACTION: Interim rule and request for comment.

SUMMARY: Global Direct—Canada Admail is an international mail service primarily intended for major printing firms, direct marketers, mail order companies, and other high volume mailers seeking easier access to the Canadian domestic postal system. The service is intended to provide mail delivery in an average of 5–10 business days in major urban areas throughout Canada. Ancillary services for local business reply and the return of undeliverable mail are also introduced for use with Global Direct—Canada Admail service.

DATES: The interim regulations are effective August 21, 1998. Comments must be received on or before September 21, 1998.

ADDRESSES: Written comments should be sent to the Manager, Pricing, Costing, and Classification, Room 370–IBU, International Business Unit, U.S. Postal Service, Washington, DC 20260–6500. Copies of all written comments will be available for public inspection between 9:00 a.m. and 4:00 p.m., Monday through Friday, in the International Business Unit, 10th Floor, 901 D Street SW, Washington DC.

FOR FURTHER INFORMATION CONTACT: Walter J. Grandjean, (202) 314–7256.

SUPPLEMENTARY INFORMATION: In cooperation partnership with Canada Post Corporation (CPC), the Postal Service is introducing Global Direct—Canada Admail. This international mail service is primarily intended for major printing firms, direct marketers, mail order companies, and other high-volume mailers seeking easier access to the Canadian domestic postal system. It is intended to provide mail delivery in

an average of 5–10 business days in major urban areas throughout Canada. Ancillary services for local business reply and the return of undeliverable mail are also introduced for use with Global Direct—Canada Admail.

Participating mailers must sign a service agreement with the Postal Service which defines the conditions of mailing under which they will enter Global Direct—Canada Admail. Since all mailings are subject to CPC's eligibility and mail preparation requirements for CPC's Addressed Admail, they must be sorted on the basis of CPC Letter Carrier Presort option or National Distribution Guide Sort option. CPC-certified sortation and address accuracy software is required.

To qualify, mailers must agree to mail a minimum of 25,000 Global Direct—Canada Admail items for delivery to Canadian addressees per mailing. The mailpieces must bear an authorized CPC or USPS permit imprint and be paid for through a USPS advance deposit account. In addition, a completed postage statement must accompany each mailing that is deposited at a designated acceptance point.

Mailers who want to establish a local, in-country identity in Canada, can place a specified CPC permit imprint on their mailpieces in combination with a Canadian return address. All others must use their USPS permit imprint in combination with a U.S. domestic return address.

The service requires participating U.S. mailers to prepare their postal items as Canadian domestic mail. The USPS then transports these mailpieces to Canada, where they are turned over to CPC for entry into Canada's domestic mail system. Mailers must deposit their mail at one of six offices.

Postage rates are determined by the size, weight, and level of sortation of the items being mailed. The interim postage rates for Global Direct—Canada Admail service are as follows:

Weight not over 1.76 ounces	Letter Carrier Presort (LCP)		National Distribution Guide (NDG)	
	Standard	Large	Standard	Large
Letter Carrier Direct	\$0.216	\$0.234	N/A	N/A

Maximum Weight			
		17.6 oz.(500 grams)	

¹ Other items are defined as items other than cards and envelopes.

Mailers who are interested in using the service must furnish the following information to the Postal Service at least 14 days prior to their planned first mailing date and enter into a service agreement:

1. Customer's name and address.
2. Proposed initial mailing date and frequency.
3. Mailing location.
4. The type of items, including size and weight, that will be mailing.
5. Number of items in the proposed mailing.
6. Mail sort option used.
7. The mailing equipment that the customer intends to use to prepare items.
8. Ancillary services used.

Concurrent with the establishment of a service agreement, the designated post office of entry is instructed to accept and verify the customer's mail prior to its being dispatched to Canada.

In addition to mail service, the Postal Service is offering a local Canadian business reply service. Under this service the mailer may distribute pre-addressed cards and letters to addressees in Canada. Customers then mail these items, without prepayment of postage, to an address in Canada. The Postal Service has an arrangement with CPC to have the mail delivered to the U.S. addressee at which time the addressee will pay the postage. The rates for this service are \$0.45 for items not weighing over 1.06 ounces (30 grams) and \$0.65 for items weighing over 1.06 ounces (30 grams) but not over 1.76 ounces (50 grams). Specifications for this service are contained in Publication 524, Global Direct—Canada Admail Service Guide.

If a mailer using a Canadian identity (Canadian postage indicia and return address) wants undeliverable Canada Admail items returned through the Postal Service, the items must be endorsed "Return Postage Guaranteed." The mail must bear the return address

specified by the Postal Service and will be returned to the U.S. mailer. The rates for this service are:

Weight (not over)	Rate
3.52 oz. (100 grams)	\$0.80
7.04 oz. (200 grams)	1.32
17.60 oz.(500 grams)	2.09

If a U.S. permit is used, returned items are subject to the applicable surface printed matter postage that would have been paid from the United States to Canada.

Although the Postal Service is exempted by 39 U.S.C. 410(a) from the advance notice requirements of the Administrative Procedure Act regarding rulemaking (5 U.S.C. 553), interested parties are invited to submit written data, views, or comments regarding this interim rule to the address above.

The Postal Service is adopting the following interim amendments to the International Mail Manual, which is incorporated by reference in the Code of Federal Regulations. See 39 CFR 20.1.

612 Global Direct—Canada Admail

612.1 Description

Global Direct—Canada Admail is an international mail service that is available on the basis of a service agreement between the Postal Service and a qualifying mailer. Under this service a mailer must enter identical printed matter items that meet the applicable eligibility, makeup, and preparation requirements for Canadian Post domestic Addressed Admail service. The Postal Service transports the items to Canada for entry into that country's domestic mail system. The mailer is responsible for ensuring that the items meet Canada Post Corporation's makeup and preparation requirements.

612.2 Qualifying Mailers and Mailing Locations

612.21 Qualifying Mailers

Qualifying mailers must agree to mail a minimum of 25,000 Admail items for delivery to Canadian addressees per mailing. All tendered mailpieces must conform to the applicable makeup and preparation requirements for Canadian domestic mail, as specified by Canada Post Corporation (CPC). CPC-certified sortation and address accuracy software is required.

612.22 Mailing Locations

Mailings may be deposited only at the following offices as specified in the service agreement:

- John F Kennedy Airport Mail Center, John F Kennedy International Airport, Building 250, Jamaica NY 11430-9998
- New Jersey International Bulk Mail Center, U.S. Postal Service, 80 County RD, Jersey City NJ 07097-9998
- Buffalo Auxiliary Service Facility, Buffalo Processing and Distribution Center, 1200 William ST, Buffalo NY 14240-9998

Detroit Processing and Distribution Center, U.S. Postal Service, 1401 W Fort, Detroit MI 48233-9997

Maximum Weight		17.6 oz.(500 grams)	

¹ Other items are defined as items other than cards and envelopes.

612.33 Postage Payment Method

Postage must be paid through an advance deposit account. Qualifying mailers have the option of placing a CPC permit imprint on their mailpieces in combination with a Canadian return address or a customer specific USPS permit imprint in combination with a domestic U.S. return address.

612.34 Postage Statement

Mailers must compute the total postage on PS Form 3656, Postage Statement—Global Direct Canada Admail, furnished by the Postal Service. A separate postage statement must be prepared for each individual mailing.

612.4 Preparation Requirements

Mailers are responsible for ensuring that items tendered under the Global Direct—Canada Admail service comply

with CPC's domestic mail preparation requirements.

612.5 Ancillary Services 612.51 Business Reply Service

This service provides for the return of Canadian business reply mail through the Postal Service to a specified address in Canada. Detailed specifications for this service are contained in Publication 524, Global Direct—Canada Admail Service Guide. The rates for this service are \$0.45 for items not weighing over 1.06 ounces (30 grams) and \$0.65 for items weighing over 1.06 ounces (30 grams) but not over 1.76 ounces (50 grams).

612.52 Return of Undeliverable Mail

Mailers using a Canadian identity (Canadian indicia and return address) may have undeliverable items returned to the U.S. through a Canadian return address. The sender must endorse items

“Return Postage Guaranteed” and use the return address specified by the Postal Service. The rates are:

Weight (not over)	Rate
3.52 oz. (100 grams)	\$0.80
7.04 oz. (200 grams)	1.32
17.60 oz.(500 grams)	2.09

If a U.S. permit is used, returned items are subject to the applicable surface printed matter postage that would have been paid from the United States to Canada.

612.6 Advance Notification

Mailers who are interested in using the Global Direct—Canada Admail service must furnish the following information to the Postal Service at least 10 business days prior to their first planned mailing date:

1. Customer's name and address.

2. Proposed initial mailing date and frequency.
3. Mailing location.
4. The type of items, including size and weight, that will be mailing.
5. Number of items in the proposed mailing.
6. Mail sort option used.
7. The mailing equipment that the customer intends to use to prepare items.
8. Ancillary services used.

All correspondence pertaining to Global Direct—Canada Admail service should be directed to:
Market Segment Manager Publishing,
International Business Unit, US Postal
Service, 475 L'Enfant Plz SW 370 IBU,
Washington DC 20260-6500

612.7 Service Agreement

Based on the mailer's input, the Postal Service prepares a service agreement to cover the projected mailing(s). This agreement stipulates the conditions of mailing. Concurrent with the preparation of the service agreement, instructions are issued to the designated post office of entry regarding the acceptance and verification of the prospective customer's mailpieces.

Approval and Promulgation of Implementation Plans; California State Implementation Plan Revision, South Coast Air Quality Management District, Yolo-Solano Air Quality Management District, and Ventura County Air Pollution Control District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is taking direct final action on revisions to the California State Implementation Plan. The revisions concern rules from the

following Districts: South Coast Air Quality Management District (SCAQMD), Yolo-Solano Air Quality Management District (YSAQMD), and Ventura County Air Pollution Control District (VCAPCD). This approval action will incorporate these rules into the federally approved SIP. The intended effect of approving these rules is to regulate emissions of volatile organic compounds (VOCs) in accordance with the requirements of the Clean Air Act, as amended in 1990 (CAA or the Act). The revised rules control VOCs from screen printing and graphic arts operations. Thus, EPA is finalizing the approval of these revisions into the California SIP under provisions of the CAA regarding EPA action on SIP submittals, SIPs for national primary and secondary ambient air quality standards and plan requirements for nonattainment areas.

DATES: This rule is effective on October 20, 1998 without further notice, unless EPA receives adverse comments by September 21, 1998. If EPA received such comments, then it will publish a timely withdrawal in the **Federal Register** informing the public that this rule will not take effect.

ADDRESSES: Comments must be submitted to Andrew Steckel at the Region IX office listed below. Copies of the rule revisions and EPA's evaluation report for each rule are available for public inspection at EPA's Region IX office during normal business hours. Copies of the submitted rule revisions are available for inspection at the following locations:

SUPPLEMENTARY INFORMATION:

I. Applicability

The rules being approved into the California SIP include: SCAQMD Rule 1130.1, Screen Printing Operations, YSAQMD Rule 2.29, Graphic Arts Printing Operations, and VCAPCD Rule 74.19.1, Screen Printing Operations. These rules were submitted by the California Air Resources Board (CARB) to EPA on March 3, 1997 (1130.1), November 30, 1994 (2.29), and October 18, 1996 (74.19.1).

II. Background

On March 3, 1978, EPA promulgated a list of ozone nonattainment areas under the provisions of the Clean Air Act, as amended in 1977 (1977 Act or pre-amended Act), that included the South Coast Air Basin, the Sacramento Metro Area, and Ventura County. 43 FR 8964, 40 CFR 81.305. On May 26, 1988, EPA notified the Governor of California, pursuant to section 110(a)(2)(H) of the 1977 Act, that the above districts' portions of the California SIP were inadequate to attain and maintain the ozone standard and requested that deficiencies in the existing SIP be corrected (EPA's SIP-Call). On November 15, 1990, the Clean Air Act Amendments of 1990 were enacted. Pub. L. 101-549, 104 Stat. 2399, codified at 42 U.S.C. 7401-7671q. In amended section 182(a)(2)(A) of the CAA, Congress statutorily adopted the requirement that nonattainment areas fix their deficient reasonably available control technology (RACT) rules for ozone and established a deadline of May 15, 1991 for states to submit corrections of those deficiencies.

Section 182(a)(2)(A) applies to areas designated as nonattainment prior to enactment of the amendments and classified as marginal or above as of the date of enactment. It requires such areas to adopt and correct RACT rules pursuant to pre-amended section 172(b) as interpreted in pre-amendment guidance.¹ EPA's SIP-Call used that guidance to indicate the necessary corrections for specific nonattainment areas. The South Coast Air Basin is classified as extreme, the Sacramento

¹ Among other things, the pre-amendment guidance consists of those portions of the proposed post-1987 ozone and carbon monoxide policy that concern RACT, 52 FR 45044 (November 24, 1987); "Issues Relating to VOC Regulation Cutpoints, Deficiencies, and Deviations, Clarification to Appendix D of November 24, 1987 **Federal Register** Notice" (Blue Book) (notice of availability was published in the **Federal Register** on May 25, 1988); and the existing control technique guidelines (CTGs).
