

postal money order, bank draft, or cashier's check made payable to the U. S. Department of the Interior—BLM. Failure to meet conditions established for this sale will void the sale and any money received for the sale will be forfeited.

The patent, when issued, will contain a reservation to the United States for a right-of-way for ditches and canals constructed by the authority of the United States under the Act of August 30, 1890, 26 Stat. 391; 43 U.S.C. 945, and will be subject to:

1. Right-of-way CC-022158 for State Route 305, having a width of 200 feet from centerline;

2. Rights-of-way N-11441, N-12678, and N-46509 held by Sierra Pacific Power Company for electrical power distribution lines; and

3. Valid existing rights.

Publication of this Notice in the **Federal Register** segregates the subject lands from all appropriations under the public land laws, except sale under the Federal Land Policy and Management Act of 1976. The segregation will terminate upon issuance of the patent or 270 days from date of publication, whichever ever occurs first.

For a period of 45 days from the date this Notice is published in the **Federal Register**, interested parties may submit comments to the Battle Mountain Field Manager at the above address. Any adverse comments will be reviewed by the State Director, who may sustain, vacate, or modify this realty action and issue a final determination. In the absence of timely filed objections this realty action will become the final determination of the Department of the Interior. The land will not be offered for sale until at least sixty days after the date this notice was published in the **Federal Register**.

Dated: August 11, 1998.

M. Lee Douthit,

Associate Field Manager.

National Park Service

60 Day Notice of Intention to Request Clearance of Collection of Information; Opportunity for Public Comment

AGENCY: Department of the Interior, National Park Service, Yellowstone National Park.

ACTION: Notice and request for comments.

SUMMARY: The National Park Service proposes to conduct visitor surveys of the economics of winter use and wildlife in the national parks, national forests, and communities of the Greater Yellowstone Area. The surveys would be used in a forthcoming draft Environmental Impact Statement on Winter Use in Yellowstone and Grand Teton National Parks and the John D. Rockefeller, Jr., Memorial Parkway and for the final Bison Management Environmental Impact Statement.

Under provisions of the Paperwork Reduction Act of 1995 and 5 CFR Part 1320, Reporting and Record Keeping Requirements, the National Park Service is soliciting comments on the need for gathering the information in the proposed surveys. The NPS also is asking for comments on the practical utility of the information being gathered; the accuracy of the burden hour estimate; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden to respondents, including use of automated information collection techniques or other forms of information technology. The NPS goal in conducting these surveys is to incorporate the results into a forthcoming draft Environmental Impact Statement on Winter Use in Yellowstone and Grand Teton National Parks and the John D. Rockefeller, Jr., Memorial Parkway and for the final Bison Management Environmental Impact Statement.

DATES: Public comments will be accepted on or before October 20, 1998.

SEND COMMENTS TO: John Sacklin, Planning Office, Yellowstone National Park, P.O. Box 168, Yellowstone National Park, Wyoming 82190, phone: 307-344-2021, fax: 307-344-2023.

FOR FURTHER INFORMATION CONTACT: John Sacklin, phone: 307-344-2021, fax: 307-344-2023, email: john_sacklin@nps.gov.

SUPPLEMENTARY INFORMATION:

Title: Economics of Winter Use and Wildlife in the National Parks, National Forests, and Communities of the Greater Yellowstone Area.

Bureau Form Number: None.

OMB Number: To be requested.

Expiration Data: To be requested.

Type of request: Request for new clearance.

Description of need: The National Park Service needs information about the economics of winter use and wildlife in the national parks, national forests, and communities of the Greater Yellowstone Area to incorporate in a forthcoming draft Environmental Impact Statement on Winter Use in

Yellowstone and Grand Teton National Parks and the John D. Rockefeller, Jr., Memorial Parkway and for the final Bison Management Environmental Impact Statement.

Automated data collection: At the present time, there is no automated way to gather this information, since it includes asking visitors about their perceptions, expectations, and preferences in the Greater Yellowstone Area.

Description of respondents: A sample of individuals who use the parks and forests in the Greater Yellowstone Area.

Estimated average number of respondents: 2600.

Estimated average number of responses: Each respondent will respond only one time, so the number of responses will be the same as the number of respondents.

Estimated average burden hour per response: 20 minutes.

Frequency of Response: 1 time per respondent.

Estimated annual reporting burden: 867 hours.

Diane M. Cooke,

Information Collection Clearance Officer, WASO Administrative Program Center, National Park Service.

Notice of Intent to Repatriate Cultural Items in the Possession of the Chippewa National Forest, USDA Forest Service, Cass Lake, MN

AGENCY: National Park Service

ACTION: Notice

Notice is hereby given under the Native American Graves Protection and Repatriation Act, 43 CFR 10.10 (a)(3), of the intent to repatriate cultural items in the possession of the Chippewa National Forest, USDA Forest Service which meet the definition of "unassociated funerary objects" under Section 2 of the Act.

The 15 cultural items consist of a sherd from a ceramic mortuary vessel, fragmented and burned bone (fish and mammal) from a concentration associated with a funerary timber crib, a fragment of birchbark, and charcoal and charred wood fragments with soil matrix from a burned timber crib surrounding a burial.

In 1977, these items were recovered during legally authorized excavations of portions of two burial mounds at the Winnibigoshish Dam site (21 IC 4) near
