[Docket No. CP98-725-000]

#### Panhandle Eastern Pipe Line Company; Notice of Application

August 24, 1998.

Take notice that on August 12, 1998, Panhandle Eastern Pipe Line Company (Panhandle), P.O. Box 1642, Houston, Texas 77251-1642, filed in Docket No. CP98-725-000 an application pursuant to Sections 7(b) and 7(c) of the Natural Gas Act for authorization to abandon certain pipeline facilities and to construct and operate other pipeline facilities to replace those being abandoned in Livingston County, Michigan, all as more fully set forth in the application on file with the Commission and open to public inspection.

Panhandle proposes to abandon facilities in its Howell Storage Field, abandoning approximately 372 feet of 8-inch storage pipeline (250 feet to be abandoned in place and the remaining 122 feet by removal). Panhandle proposes to replace the storage lines by constructing 40 feet of 6-inch pipe and 80 feet of 4-inch pipe and to reconfigure an existing 6-inch line and two 4-inch lines, and to install two new hot taps and relocate an existing valve. It is asserted that the replacement is required to bring the storage lines into compliance with United States Department of Transportation Minimum Federal Safety Standards and to ensure that the lines can be safely operated at their maximum allowable operating pressure. It is further asserted that the proposal will not result in any change in capacity. The cost of the proposed

construction is estimated at \$89,075, to be financed from funds on hand.

Any person desiring to be heard or to make any protest with reference to said application should on or before September 14, 1998, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Panhandle to appear or be represented at the hearing.
