**Special Local Regulations: City of Clarkville Riverfest; Cumberland River mile 125.5 TO 127.0, Clarksville, TN**

**AGENCY:** Coast Guard, DOT.

**ACTION:** Final rule.

**SUMMARY:** Special local regulations are being adopted for the City of Clarksville Riverfest. This event will be held on September 13, 1998 from 9 a.m. until 5 p.m. at the riverfront in Clarksville, TN. These regulations are needed to provide for the safety of life on navigable waters during the event.

**EFFECTIVE DATE:** These regulations are effective from 9 a.m. until 5 p.m. on September 13, 1998.

**FOR FURTHER INFORMATION CONTACT:** LTJG Tom Boyles, Marine Safety Office Paducah, KY. Tel: (502) 442-1621 ext. 310.

**SUPPLEMENTARY INFORMATION:**

**Drafting Information**

The drafters of this regulation are LTJG Tom Boyles, Project Officer, Marine Safety Office Paducah, and LTJG Michele Woodruff, Project Attorney, Eighth Coast Guard District Legal Office.

**Regulatory History**

In accordance with 5 U.S.C. 553, a notice of proposed rule making for these regulations has not been published, and good cause exists for making them effective in less than 30 days from the date of publication. Following normal rule making procedures would have

been impracticable. The details of the event were not finalized with sufficient time remaining to publish proposed rules in advance of the event or to provide for a delayed effective date.

### Background and Purpose

The marine event requiring this regulation is the Riverfest powerboat/pylon races on the river. Event sponsors expect between 25,000 and 50,000 spectators. The City of Clarksville sponsors this event. Spectators will be able to view the event from areas designated by the sponsor.

### Regulatory Evaluation

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. It has not been reviewed by the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this rule to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary because of the event's short duration.

### Small Entities

The Coast Guard finds that the impact on small entities, if any, is not substantial. Therefore, the Coast Guard certifies under section 605(b) of the Regulatory Flexibility Act (5 U.S.C. 601 et seq) that this temporary rule will not have a significant economic impact on a substantial number of small entities because of the event's short duration.

### Collection of Information

This rule contains no information collection requirements under the Paperwork Reduction Act (44 U.S.C. 3501 et seq).

### Federalism Assessment

The Coast Guard has analyzed this action in accordance with the principles and criteria of Executive Order 12612 and has determined that this rule does not raise sufficient federalism implications to warrant the preparation of a Federalism Assessment.

### Environmental Assessment

The Coast Guard considered the environmental impact of this rule and concluded that under section 2-1, paragraph (34)(h) of Commandant Instruction M16475.1C this rule is excluded from further environmental documentation.
