#### Tennessee Gas Pipeline Company; Notice of Compliance Filing

September 24, 1998.

Take notice that on September 17, 1998, Tennessee Gas Pipeline Company (Tennessee), P.O. Box 2511, Houston, Texas 77252, filed Sixth Revised Sheet No. 305 and Third Revised Sheet No. 399 in compliance with the Federal Energy Regulatory Commission's Letter Order issued September 2, 1998 in the above-referenced docket.

Tennessee requests that the revised tariff sheets be deemed effective September 3, 1998.

Tennessee states that on August 3, 1998, it filed certain revised tariff sheets to, among other things, change the name of its software and interactive computer system from the "TENN-SPEED 2 System" to the "System." Tennessee further states that in the September 2nd Letter Order, the Commission accepted the revised tariff sheets, but noted that there were still references to the TENN-SPEED 2 System contained in Tennessee's tariff. The Commission therefore directed Tennessee to revise the tariff sheets listed in Appendix B of the September 2nd Letter Order to reflect the change in name from the TENN-SPEED 2 System to the System.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

#### Public Utility District No. 2 of Grant County; Notice of Availability of Draft Environmental Assessment

September 24, 1998.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47910), the Office of Hydropower Licensing (OHL) reviewed the Grant County Public Utility District No. 2 (licensee) proposal for installation of flow deflectors at the Priest Rapids project in Grant County, Washington. The Commission prepared a draft environmental assessment (DEA) for the proposed action. In the DEA, the Commission concludes that approval of the licensee's proposal will not constitute a major federal action significantly affecting the quality of the human environment.

This DEA was written by staff in the Office of Hydropower Licensing (OHL). As such, the DEA is OHL staff's preliminary analysis of the licensee's proposal for installation of flow deflectors. No final conclusions have been made by the Commission regarding this matter.

Should you wish to provide comments on the DEA, they should be filed within 30 days from the date of this notice. Comments should be addressed to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426. Please include the project number (2114-071) on any comments filed.

Copies of the DEA are available for review in the Public Reference Room, Room 2A, of the Commission's offices at 888 First Street, N.E., Washington, D.C. 20426.
