Advisory Committee on Water Information; Notice of Rechartering

This notice is published in accordance with Section 9(a)(2) of the Federal Advisory Committee Act (Public Law 92-463). Following consultation with the General Services Administration, notice is hereby given that the Secretary of the Interior is renewing the Advisory Committee on Water Information. The purpose of the Committee shall be to represent the interests of water-resources professionals and other water-information users in advising the Federal Governments, through the U.S. Department of the Interior, on activities and plans related to water-information programs and the effectiveness of those programs in meeting the Nation's needs.

Further information regarding the Committee may be obtained from the Chief Hydrologist, U.S. Geological Survey, U.S. Department of the Interior, 12201 Sunrise Valley Drive, Reston, Virginia 20192.

The certification of renewal is published below.

Certification

I hereby certify that renewing the Advisory Committee on Water Information is in the public interest. The public interests are related to the performance of duties imposed on the U.S. Department of the Interior by 43 U.S.C. 31 (1988), 43 U.S.C. 1457 (1988), by language in the annual U.S. Department of the Interior Appropriations Acts; and by Office of Management and Budget Memorandum No. 92-01.

Dated: October 26, 1998.

Bruce Babbitt,

Secretary of the Interior.

SUPPLEMENTARY INFORMATION:

Title: A Reporting System for the P.L. 102-477 Demonstration Project, expired

on March 31, 1998. This is a request for reinstatement of a slightly modified previously approved information collection request.

I. Abstract: The information collection is needed to document satisfactory compliance with statutory requirements of the various integrated programs. Public Law 102-477 authorizes tribal governments to integrate federally-funded employment, training and related services programs into a single, coordinated, comprehensive service delivery plan. Funding agencies include the Department of the Interior, Department of Labor and the Department of Health and Human Services. The Bureau of Indian Affairs is statutorily required to serve as the lead agency. Section 11 of this Act requires that the Secretary of the Interior make available a single universal report format which shall be used by a tribal government to report on integrated activities and expenditures undertaken. The Bureau of Indian Affairs shares the information collected from these reports with the Department of Labor and Department of Health and Human Services.

II. Method of Collection: Tribal governments voluntarily participating in Public Law 102-477 are required to annually complete two single page, one-sided report forms and one narrative report, which includes four pages of instructions. They replace 166 pages of instructions and applications representing three different agencies and twelve different funded but related programs. We estimate a 95 percent reduction in reporting which is consistent with the Paperwork Reduction Act and goals of the National Performance Review. The statistical and narrative report will be used to demonstrate how well a plan was executed in comparison to proposed goals. The financial status report will be used to track cash flow, and will allow an analysis of activities versus expenditures and expenditures to approved budget. It is a slightly modified SF-269-A (short form).

These report forms and narrative are limited but satisfy the Department of Health and Human Services, Department of Labor and the Department of the Interior. They reduce the burden on tribal governments by consolidating data collection for employment, training, education, child care and related service programs. The forms were developed by a partnership of tribes and representatives of all three Federal agencies, to standardize terms and definitions, eliminate duplication and reduce frequency of collection.
