

information within two years prior to the consumer's request, for employment purposes, or within six months prior to the consumer's request, for any other purpose.

The proposed order also includes a number of recordkeeping and reporting requirements designed to assist the Commission in monitoring FARES's compliance.

Congress amended the FCRA in September 1996; the amendments became effective in September 1997. Because the practices of CREDCO that allegedly violated the FCRA occurred prior to September 1997, the complaint alleges violations of the pre-amendment FCRA only. The proposed order, however, requires FARES to comply with the post-amendment FCRA and any future FCRA amendments.

The purpose of this analysis is to facilitate public comment on the proposed order, and it is not intended to constitute an official interpretation of the agreement and proposed order or to modify in any way its terms.

By direction of the Commission.
