National Oceanic and Atmospheric Administration

[I.D.102898A]

Caribbean Fishery Management Council; Public Hearings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public hearings.

SUMMARY: The Caribbean Fishery Management Council (Council) will hold public hearings on its Draft Comprehensive Amendment Addressing Sustainable Fisheries Act Requirements, Including Overfishing Definitions (draft Comprehensive SFA Amendment).

DATES: The public hearings will be held on November 6 and November 10, 1998, from 7:00 p.m. to 10 p.m. Written comments on the draft Comprehensive SFA Amendment will be accepted through November 11, 1998.

ADDRESSES: The hearings will be held in the U.S. Virgin Islands and in Puerto Rico. For specific hearing locations and times, see **SUPPLEMENTARY INFORMATION**. Copies of the Council's draft

Comprehensive SFA Amendment can be obtained by calling the Council at (787) 766-5926; copies will be available at the hearings. Written comments on the draft Comprehensive SFA Amendment should be sent to the Caribbean Fishery Management Council, 268 Munoz Rivera Avenue, Suite 1108, San Juan, Puerto Rico 00918-2577; telephone: 787-766-5926; fax: 787-766-6239.

FOR FURTHER INFORMATION CONTACT: Caribbean Fishery Management Council, 268 Munoz Rivera Avenue, Suite 1108, San Juan, Puerto Rico 00918-2577; telephone: 787-766-5926; fax: 787-766-6239.

SUPPLEMENTARY INFORMATION: The Sustainable Fisheries Act of 1996 (SFA) amended the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) to require certain changes in the contents of the fishery management plans (FMPs) prepared by regional fishery management councils. Under the procedures of the Magnuson-Stevens Act, the Council has prepared FMPs for reef fish, spiny lobster, coral, and queen conch; these FMPs have been approved by NMFS and implemented through final regulations. The Council's draft Comprehensive SFA Amendment amends its FMPs to comply with aforementioned new requirements regarding FMP contents established in 1996.

The draft Comprehensive SFA Amendment contains new discussions on the status of the fisheries managed under the FMPs, on bycatch, and on recreational fishing. It also contains overfishing definitions and stock rebuilding plans for overfished species. Specifically, it includes the following overfishing definition for the red hind (*Epinephelus guttatus*):

A red hind stock is overfished when it is below the level of 45 percent of the spawning

stock biomass per recruit that would occur in the absence of fishing. When a red hind stock is overfished, overfishing is defined as harvesting at a rate that is not consistent with a program that has been established to rebuild the stock to the 45 percent spawning stock biomass per recruit level. When a red hind stock is not overfished, overfishing is defined as a harvesting rate that, if continued, would lead to a state of the stock or stock complex that would not at least allow a harvest of OY (optimum yield) on a continuing basis.

This definition may be expanded to include the grouper complex. There is no new information available to the Council regarding the status of other Caribbean fishery stocks. Because the Comprehensive SFA Amendment contains no management measures, no implementing regulations will be required.

The Council hearings will be held at the following locations and times:

Friday, November 6, 1998, from 7-10 p.m., at the Conference Room of the Best Western Pierre Hotel, De Diego Avenue, Santurce, Puerto Rico; and

Tuesday, November 10, 1998, from 7-10 p.m., at the Conference Room of the Caravelle Hotel, located at 44A Queen Cross St., Christiansted, St. Croix, U.S. Virgin Islands.

Fishers and other interested persons are invited to attend these hearings and participate through oral and/or written statements regarding issues concerning the Comprehensive SFA Amendment.

Special Accommodations

These hearings are open to the public and will be conducted in English. The hearings are physically accessible to people with disabilities. For more information or requests for sign language interpretation or other auxiliary aids, please contact Mr. Miguel A. Rolon at the Council at least 5 days prior to the meeting dates (see **FOR FURTHER INFORMATION CONTACT**).

Dated: October 29, 1998.

Richard W. Surdi,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
